Got it. As you probably know, one of the civil rights squads is apparently working on the Adams part of the case with your squad. I don't know how you're dividing things up, but maybe they could pitch in and send an agent or two to cover a proffer if it'd be helpful.

Great tks. Problem for c19 is we are a reactive squad and as I'm sure everyone is experiencing, the last 2 weeks of summer has a lot of people on Annual Leave. Only day that may be out of play is August 22, we have an interview in regards to a high profile homicide and possibly 8/30. All else is fine so long as we have some time to coordinate and give possible "fill-in" agents and tfo's enough time for background information. Sorry not trying to be difficult just want the best outcome and fulfill all of the needs of case.

Sure, the issue is that these folks are calling from the MCC, with their grand jury date tomorrow, and so we need to lock in dates relatively quickly. Can you send us any non-Epstein investigation related scheduling conflicts for the next week so we can try to work around them? And if there's a resources issue, let us know if there's anything we can do and I'd be happy to go to bat to try to get whatever you need. Thanks!

Can we all coordinate to check availability before we keep scheduling, especially since we need oig and fbi present. And even more so if we have multiple interviews the same day and time
