I am still very afraid of this woman (GM)

she is powerful woman

I was made aware of that during my time w/ Jt/GM

Concern retaliation

not nice woman, she vicious

I observe - she very much did not like the women

1<sup>st</sup> encounter w/ GM

Strongest memory

on island - believe my 1<sup>st</sup> or one of 1<sup>st</sup> GM there

she very short, rude

some training b/w me, GM, and other woman

I met

thought very little of us

ate meals w/ us lot of things ignored when we say

stuck up snobby cold

Jt say GM jealous - GM was madly in love w/ him & do anything for him worked for him

it was very clear to her that I did not have much sexual experience  
dont know if she knew / thought I virgin

me, GM, [redacted] on porch

some point JE came in when GM showing us how do things  
I embarrassed

whatever JE want

would be wise take serious what she teach us to perform on him  
show us diff ways how mans genitals be pleased, where to touch  
demonstrate on her hand / fist

JE walk in what are you girls doing

we on couch, back to movie theater  
his office nearby

GM told him she was teaching us

JE say good,  
"you girls listen to Ghislaine, she know what she doing"

I 1st laughed it off

clear I was uncomfortable

I didnt know she knew what happening w/ me

introduced to Gm

I was made aware she had lot power  
JE say madame of island or something

actions

chef/staff very attentive to her

not like w/ me/others

she tell staff JE like this / dont like this

wasnt booking flights like [redacted] was doing

Dec  
2006

shortly went island after mtg JE

I remember b/c

I was in nutcracker & we in rehearsal

I dont think I would have gone while perform  
nutcracker

went walk & got in trouble

be present all time for JE

ask b4 go anywhere

I interact w/ Gm several times at mansion  
no threesome

think

Gm dislike b/c JE liked me

think JE kept us separate

JE very stern w/ her couple times

angry w/ her

argument

I dont remember there being months go w/out see her

Saw GMM

Island mansion NYC 71st  
may met up in NYC but not sure

I went errands w/ Jt in NYC

I dont believe she on visit when I went NM

Island

when I arrive there younger women there dont know age. Some didnt speak English

Seemed GMM & Jean Luc in contact

Felt like I coming & it was a changing of shift GMM knew them

Some type of authority over them

Young woman bring something to office & she say no JE does not like that tell them what do

GMM little more harsh w/ [redacted] think b/c she brought [redacted] in

tell how dress / behave

I went school for massage therapy certified mass. therapist

What occurred from beg. about massage

(5)

I didn't understand <sup>now</sup> ← no sexual acts  
then distinguish b/w them now

I gave JE very real massages  
↳ sexual things occurred

Gm say

When massage JE this what should do

mass table in bedroom - everyone knew <sup>table</sup> in there  
dark shades in bedroom

massage & sex got blurred back then

Gm set things up dinner

she say set up massage table JE wants massage

it would be massage then turn into sex encounters  
I believe

when Gm not there, be [redacted] say set up

[redacted] - lot of times come from her mouth  
another girl

I share guest Rm - some girls did not speak English

boat come drop me off girls leave next day

ask to bring someone?

JE threaten me if be in best interest

subtle hints

[redacted], [redacted] hint at

gave me less money  
bc I didn't

I feel strongly she said

girl I friend w/ ( )

she knew girl who introduce me JE

I told her what he say

she knew  
sit. w/ JE

she free spirit

she said she do it - we very poor

I felt guilty & she said she fine

JE didnt like her

she not  
innocent  
enough →

my sis supposed come to island for my bday

JE manipulate me

I didnt think anything like that would happen  
he had met her b4 - help her w/ her eye

I'd seen ( ) bring her b/s to island & nothing happen

JE clearly like young women

never said age

told us how we get to old for him

When woman passed 21/22 yo they pass their  
prime

he liked innocent or those that not sexual  
activity

below age 22 yo

I dont think he even want that old  
I was nervous b/c I was 20

Convo ( ) & think ( )

Why cant he like these girls  
go out clubs & get women

GM reiterate same thing
