Sorry for the delayed response, we were having technical issues with the shared folder creation process that could not be resolved during normal business hours.

A shortcut has been placed under your N drive for the requested shared folder, please logoff the network and logon again to gain access.

Please do not load any audio/video/PST files or any other large data in the shared directory, instead, contact us and we will make it accessible to you in an alternate location.

Thank you in advance for your cooperation.

Questions regarding the shared directory folder structure should be directed to [REDACTED]
