Subject: Jeffrey Epstein + news + JUSTIN FAIRFAX + CRIMINAL AND CIVIL CHARGES

Date: Fri, 12 Jul 2019 02:28:10 +0000

Importance: Medium

All of this and more is going to be submitted to lawyers for Jeffrey Epstein to show the fraud, conspiracy and racketeering by the USDOJ, Geoffrey Berman and others. It just happens the City of Virginia Beach, State of Virginia, Verizon, unions, Democratic party, Justin Fairfax and others in purposely putting millions in potential danger of serious adverse health effects from use and exposure to NCR paper, Justin Fairfax should not be trusted nor the USDOJ for charges against Jeffrey Epstein should be able to use this information in his argument for bail. I will forward this to his lawyers tomorrow morning so they can file this as part of their motion. All of you will make national media attention because of Jeffrey's public attention right now and you guys being involved in fraud, conspiracy and racketeering.

let me know first thing in the morning if the warnings regarding potential adverse health effects from use and exposure to NCR paper and related claims, including mine resolved.

District Attorney's Rollins and Deberry,

I see Justin Fairfax's lawyer Barry Pollack wants a criminal investigation involving charges by [REDACTED] and [REDACTED] for sexual assault's. I do not know either of these ladies nor anything, about them other than what I read, about their charges. I believe I can add creditability to the claims that Justin Fairfax is not a man to be believed and should be involved in criminal investigations related to their claims.

Sexual assault, rape are very serious charges. I can provide evidence to prove that Justin Fairfax has conspired with the parties copied including the Governor of Virginia, Attorney General of Virginia, the Democratic party , General Counsel for the DNC, Marc Elias, General Counsel for the Virginia Democratic Party, Stephen Cobb, former Deputy Attorney General of Virginia, the AFLCIO and all other unions, most elected officials of the

Cabinet of the Governor, all elected Democratic Delegates, state senators of Virginia, Verizon, Officials of the city of Virginia Beach including Mayor, City Manager, City Attorneys, Treasurer, Sheriff, Police Chief etc, MOFO, law firm of Justin Fairfax and hundreds more to prove they are and have been involved in fraud, conspiracy and Racketeering. They have purposely conspired to allow all employees of the State of Virginia, City of Virginia Beach, Democratic party, unions, Verizon, and millions of other citizens to be allowed to work with, use and be exposed to NCR paper they knew could cause serious adverse health effects including disabilities, birth defects, central nervous system damage, liver, kidney heart, cancer and death. NCR paper has been associated with what was called "going postal" years ago which caused many criminal actions of assaults, shootings etc that caused deaths. The City of Virginia Beach recently had 12 innocent people, employees killed. All of these innocent people including the killer worked with, used and were exposed to NCR paper. The City officials had refused to provide the warnings of such potential adverse health effects to save money for the city.

I am not claiming that was the cause of the Killers actions but I know that was a possibility. The State of Virginia including Justin Fairfax has been aware of this for a long time and conspired with hundreds to keep this secret in order to save money for the State of Virginia, City of Virginia Beach, unions, Verizon, Democratic party and hundreds more.

I can provide copies of hundreds, thousands of emails to help prove allegations. Mr. Pollack, Justin Fairfax's lawyer has also been aware of this and conspired to keep this secret.

I believe the very best thing to happen to help prove the allegations of [REDACTED] and [REDACTED] is to have a full criminal investigation, call for additional polygraphs of Justin Fairfax and all parties associated with the NCR paper. I will be glad to take a polygraph as well as provide copies of all my emails to help prove my allegations. I believe any jury will be able to view the evidence I have and see that Justin Fairfax and all other parties associated with him have been involved in fraud, conspiracy and Racketeering and purposely conspired to put millions in potential danger from use and exposure to NCR paper, Justin Fairfax would certainly not hesitate to commit sexual assault and rape if he would purposely conspire with all these parties to put millions in potential danger.

All my emails will state the same requests. I have simply asked that warnings of known potential adverse health effects from NCR paper use and exposure to be prepared and any and pending claims, including mine be resolved.

I look forward to hearing from you and I will be of any assistance possible and hope to help with these ladies cases.

Kind regards.
