[REDACTED],

Yes, we have made extensive notifications to victims, including through the VNS as well as through direct calls and emails to relevant counsel, as well as through a posting on our website that has ever Epstein-related update. Our notifications have gone to every person who has been identified as a victim in the case, to our knowledge and to date, including individuals we have not met with and including numerous Florida victims (and, to the extent we have been able to contact them, each of the individuals identified as victims in connection with the NPA).

thanks,

[REDACTED]

[REDACTED],

Hope you're doing well. We just learned about the hearing scheduled for next week in your case. Would you please let us know if your office has informed counsel for Petitioners in our action [REDACTED] about the opportunity to speak at this hearing and whether, more generally, you've been informing Florida victims?

Thanks,

[REDACTED]
