Subject: Re: Potential Victim

Date: Tue, 09 Jul 2019 13:25:53 +0000

Importance: Normal

He was calling with an update on how victim calls were going more generally and the protocol they have in place for returning them but raised that he had heard some witness were reaching out to us directly and was adamant we had to send those leads to the FBI to follow up on. I'm not entirely sure I disagree - and don't think we planned to call anyone without an agent on the line anyway - but want to talk through with the team.
