Re: 50D-NY-3027571, 03/22/2021

██████ googled her name in relation to her modelling agency she was given by the sex trafficker, and she found many pornographic images of children, which she reported to the police and a government agency.

██████ was unsure what government agency, but she got the number from Safe Horizon. The URLs for the websites are portraitsofgirls.com, vipergirls.com, imodelhouston.com, lovelygirl.cc, bobsvagene.club, xgirlscollection.com, candydoll1.com, and omxz8.com.

The images are of female girls in sexually explicit positions with barely any clothing. The children are five years old to 17 years old. Most appear to be under 14 years old. When she first looked the children had no clothes on, but after she reported two of the websites, the children had clothes on when she visited the website again. She reported more images are coming up on the websites each day. She believes these children are being sex trafficked, which is just a feeling she is getting when she saw the websites. ████████ states she is being harassed/stalked. She has notified the NY police regarding this.
