On 3/22/2021, at 7:51 p.m. Eastern Time, [REDACTED], date of birth [REDACTED], Cell telephone number [REDACTED], zip code [REDACTED], called the FBI National Threat Operations Center (NTOC) to report being raped by Jeffery Epstein in 2001 or 2002 in New York, NY. (NY)

[REDACTED] provided the following information:

[REDACTED] stated that she was a rape victim of Jeffery Epstein. This incident happened back in either 2001 or 2002, [REDACTED] was taken to a conference by her parents and was staying at an apartment on the upper east side, but does not remember who's apartment it was. [REDACTED] was returning to the lobby one night and an unknown male subject (UNSUB), believed to be Epstein based on his appearance, was waiting in the lobby and joined her in the elevator.

During the elevator ride UNSUB stated that he saw her on TV last night. [REDACTED] did not know at the time, but Epstein had cameras in all his buildings, and she think this meant he was watching her on camera. Once the [REDACTED] and UNSUB got off the elevator UNSUB said he was always curious about how the apartment that she was staying at looked on the inside. [REDACTED] let him in because he seemed trustworthy and she sat down waiting for him to leave, but he was just staring at her.

Re: 50D-NY-3027571, 03/22/2021

██████ then decided to try to leave but the man blocked her and demanded that she take her shirt off and threatened to cut ██████ throat. ██████ took off her shirt and does not remember a lot after this point, but she remembers being verbally assaulted and "being scratched in her vagina very hard." ██████ believed at some point that night she was drugged before these events.

The following night ██████ believes she was drugged again by a man named Victor Lee who organized the conference, is Chinese, and believes he was born in the 40s or 50s and lived in Manhattan NY. Lee claimed to be a herbal doctor and gave her a drink which she accepted, she believes this was drugged as well. ██████ had no further information on Victor Lee.
