We were hitting the big time with our creative displays and our breaking through to niche markets here I am with [REDACTED]. I think [REDACTED] is also involved. She and [REDACTED] Both have something to do with her "suicide." [REDACTED] told me he might be responsible for her death. He told me he told some people something about her and therefore he thought they came after her. I told him her dad said it was a suicide. Of course why would she committed suicide if she just started her dream job and everything she wanted out of life what's about to happen. At the funeral was [REDACTED] was so destroyed somebody had to walk her in what was crazy about that was that was [REDACTED] gave her the hardest time of anybody at the company
