Hi [REDACTED],

Thanks again for the call this afternoon. I've attached the records we're looking to authenticate. Assuming they are authentic, we're hoping to start by getting a declaration certifying their authenticity, and then to start lining up a records custodian who might be able to testify at the trial in November if necessary. I've attached a proposed declaration, but if AT&T has its own standard format, that will likely work too.

Please feel free to give me a call with any questions, and thanks again,
