The data from the hard drive has been loaded to Relativity and has been secured for privilege review.  
Thank you.

Hi [REDACTED]  
The materials on the drive were extracted from devices seized from Epstein's Manhattan residence pursuant to a search warrant.  
It does not include materials seized from USVI.  
Thanks,

Is the Epstein data that we are loading Search Warrant returns? And was Epstein the only custodian?  
Thanks, [REDACTED]

Hello [REDACTED]

Can you please let me know if there is a specific custodian for this priv review for Epstein? Also, can you please let me know where this data should be loaded into Relativity (subpoena returns or something else)?  
Thank you.
