Totally amazing, right? To be so behind that the *Times* writes an article about it is just completely mind-blowing.

Amazing.

I guess we still have a few years to go before we can complain.

Btw,

What do you think is going on with [REDACTED] and Mazer?

It's over a year now since our 2255 hearing.

He "asked me to take over the whole case" and called Jay Lefkowitz a "numbskull."

A one man shop is going to replace an entire of lawyers from Kirkland? Delusional.

I mean basically all of this is totally false – I don't believe for a single second that Epstein had told Schoen he would be coming on to replace the entire defense team (all of whom had represented Epstein for years and years). But beyond that, why would you *brag* about that even if it were true?? And brag that you had a strategy for smearing the victims? It's all completely insane.
