Hey Guys – Bruce Barket has been insisting that there was video taken from inside the cell after the attempted suicide (though he won't disclose his basis for thinking this). I spoke with SIS and they confirmed no video. But then I read the interview of Federico Rancier-Medrano, who stated that a female Lt. had a video camera with her in the cell when they went back in after JE/NT were removed. Did you guys ever look into whether this video existed?

Thanks,
