I presume you'd suggest we decline to comment in response to Patty Hurtado's inquiry, below, about a filing by Maxwell's lawyers today in the civil suit by Virginia Giuffre.

Hope you're AC is working wherever you are. Especially in the Silvio Mollo building?

I was wondering if you guys cared to comment on the allegations Ghislaine Maxwell's lawyers made in a filing to Judge Preska today in the Guiffre v. Maxwell case 15-cv-7433, document 1078, in which she questions how prosecutors got hold of her sworn testimony in the case which was supposed to be under seal.

She further alleges that Guiffre's lawyers, working with the government, set a "perjury trap" for her when Guiffre took Maxwell's deposition in April, 2016.

I know, I know, but I have to ask you.

Thanks,
Patty Hurtado
