Subject: Cambridge Analytica / Trump / Royal Family / Epstein/Maxwell -

Dear [REDACTED],

I am following the case against Ghislaine Maxwell with interest.

I understand that the many 'friends' of Epstein accused of abusing minors in court documents released in the Ghislaine Maxwell proceedings will all get an opportunity to defend themselves. In other words deny all wrongdoing.

I do not know if any accusations have been made about Nigel Oakes? He certainly runs in the same circles as Trump and enjoys protection from within the Royal family.

He abused me when I was a child in the UK. In front of [REDACTED]

If any young woman have named him directly then I can save them from being accused of lying. Nigel Oakes is a pedophile and a particularly bad one from my own experience.

I have tried to ascertain whether Nigel Oakes is on the Lolita Express flight logs but have not been able to download this data.

Rich pedophiles stick together and Nigel Oakes could easily know Jeffrey Epstein and Ghislaine Maxwell socially and in business.

Yours sincerely
