Yes.

Thank you.

████.

I thought I had mentioned to you that this has been completed and the batches are now available for review.

Thank you.

████.

Hi ██,

Following up on this, for the Epstein SW database, could you please run the following search and create batches of 500 documents each?

-Any email (including attachments) that hits on the following email addresses, in any field: gmax@████.com; gmax1@████com; aace@████com

Thanks!

████

Subject: Epstein SW database

Hi ████,

Hope you're doing well. Could you please help us create some review batches for this database? In particular, if you could please create batches of all materials designated responsive in the search warrant database that hit on the following terms, that would be very helpful:

-gmax
-gmax1

If the batches could be approximately 500 documents each, that would be great. Thanks!

████
