Subject: Email Records Request, OIG case 2019-010614
Date: Thursday, August 22, 2019 4:00:06 PM

Hi [REDACTED] -

Because of the volume of emails that we'll be providing, we've split this request into two parts. As such, two disks with the emails from the 17 specific staff will go out tomorrow. The disk or disks with emails that reference the inmate names and reg numbers will follow, but they're not ready to go out yet.

The password to access the files is: **bop1!search2019**.

The responsive items were exported into Microsoft Outlook PST files. The disk has been encrypted with SEE, and SEE Storage Access Utility to read the data. Please don't try to open the files directly from the disk - you will need to copy the files to another location before opening them.

Please contact me with questions or concerns. Thanks!
