Ask [REDACTED]. He should also have a copy of the R&D file.

Thank you so much. Do you know anyone else who may have any documentation, I got [REDACTED] and [REDACTED].

I have received several inquiries for documentation, so I created a folder and saved documentation on my h:drive. It's too large to send in 1 email. I will send in separate emails.

Good morning,

With apologies for having to broach the subject, but we are responding to a FOIA request in the Epstein matter. I know you were sent a litigation hold soon after the incident last year. Can you confirm you have no physical or electronic documentation relating to him other than what was in your email and MCC hard drive?

Thank you,
