This is what we find reflected in SENTRY, the PDS notes, and previous conversation with Warden once he became aware of Epstein being at institution:

7/6/19: Arrived at NYM (Saturday) in the Receiving and Discharge area. Moved by staff to general population. Warden indicated the staff had not been made aware of his high profile concerns.

7/7/19: Moved to Special Housing Unit on Sunday - concerns for personal safety in general population.

7/8/19: Upon return of Psych Svc Staff on Monday, Moved to Psychology Observation for evaluation by Psych Svc Staff. PDS notes reflect on 7/9/19, suicide watch not warranted. Was under 24 hour observation during this time.

7/10/19: Returned to SHU with cell mate. Remains until 7/23.

Let me know if Central Office Psychology Services has any further information.
