Surveillance Video Analysis of the Metropolitan Correctional Center New York, New York, Special Housing Unit

On March 7, 2022, Special Agent (SA) [REDACTED], U.S. Department of Justice (DOJ) Office of the Inspector General (OIG), reviewed the Federal Bureau of Prisons (BOP), Metropolitan Correctional Center (MCC) New York, New York, surveillance camera footage of the MCC New York Special Housing Unit (SHU) from August 9, 2019, at 4 p.m. through August 10th, 2019, at 7 a.m. SA [REDACTED], Federal Bureau of Investigation (FBI), New York Field Office (NYFO), conducted the attached review of the same video footage and provided it to the OIG. The OIG's review was conducted as part of the OIG's investigation into the events surrounding the death of inmate Jeffrey Epstein, Register Number 76318-054, who was found unresponsive in his assigned cell Z06-220 on the L tier within the SHU. The camera footage was extracted by the FBI lab located in Quantico, Virginia, from the MCC New York surveillance camera video arrays seized by the FBI on August 10 and 11, 2019. The documents utilized by the OIG to assist with its analysis has been attached to this report. The MCC New York video surveillance footage has been saved separately to the case file due to its large file size. The review and analysis produced the following results.

Background

The MCC New York 9th floor is split into two housing units, known as 9 North and 9 South. The MCC New York's Special Housing Unit (SHU) is located in 9 South, and consists of 6 tiers, including G, H, J, K, L and M tiers. Unit 10 South (10S) is located above the G tier in the SHU, and is designated for Special Administrative Measures (SAMS) inmates. Unit 10S can only be accessed via Door 46, which is located in the SHU. During interviews conducted by the OIG, multiple BOP employees assigned to the MCC New York told the OIG that on August 9 and 10, 2019, the MCC New York SHU surveillance cameras were broadcasting live footage from the SHU. However, during the FBI's extraction and analysis of the MCC New York surveillance system, the FBI identified that only one of the cameras located within the MCC New York SHU was recording, which was located above the SHU's G tier, outside the entrance for 10S. Additionally, the FBI was able to identify one camera that was recording in the 9th floor elevator bay used to access the 9th floor visiting room area, and another camera that was recording the officer's desk area located within 10S. The OIG's analysis was based on a review of the only surveillance camera footage showing the inside the SHU, which was the camera located above the SHU's G tier and outside of 10S. The video footage was of low quality and the camera angle only partially showed the areas located within SHU, including the SHU officer's desk area, SHU common floor area and partial view of the stairs leading to the SHU's G tier, J tier and L tier where inmate Epstein was housed from July 30, 2019, until August 10, 2019. Due to the low quality of the video, the persons on camera cannot be positively identified other than the probability based upon the BOP

documents that identified who was in the SHU on specific dates and times, and from statements made to the OIG by BOP employees who worked within the MCC New York.

Video Analysis

The times listed within the below video review correspond to the time stamp on the video footage. As written above, due to the quality of the video, a person cannot be positively identified based solely upon the video. The OIG identified persons based upon interview statements, the documents related to inmate counts and employee rounds conducted in the SHU on August 9 and 10, 2019, and the MCC New York Daily Assignment Rosters for August 9 & 10, 2019. The majority of the persons seen on video were wearing black colored clothing, which is consistent with the MCC New York uniform, and unless otherwise noted, they have been identified as correctional officer's (CO) in the timeline. The MCC New York authorized certain SHU inmates to work as

orderlies to assist in cleaning and moving items around the SHU, under the supervision of the COs, and they have been identified as orderlies in the video review.

The MCC New York Daily Assignment Roster showed that COs Tova Noel and [REDACTED] and Material Handler [REDACTED] were assigned to work in the MCC New York SHU during the evening of August 9, 2019. The OIG's review of the 4 p.m. SHU count slip showed that it was signed by Noel and [REDACTED]. Noel and [REDACTED] both told the OIG they did not conduct the 4 p.m. count. As noted previously, the only available video footage provided a limited view of activity within the SHU. The camera showed only the SHU officer's desk in the common area and a partial view of the stairs leading to the SHU's G tier, J tier and L tier. The OIG's review of the video footage did not show the COs walking up to all the SHU tiers at 4 p.m. to conduct the count.

Multiple witnesses told the OIG that Unit Manager [REDACTED] escorted inmate Epstein from attorney conference to the SHU, and placed him in the shower cell on the SHU's G tier at approximately 6:53 p.m. [REDACTED] confirmed the information, and told the OIG that he plugged it into the legal phone line, dialed a number, handed the phone to Epstein, and walked off the tier. [REDACTED] said that he had a brief conversation with [REDACTED], [REDACTED], and Noel before he departed the SHU. The video footage shows, at approximately 6:53 p.m., [REDACTED] escorted Epstein across the SHU common area and up the stairs for the G tier, [REDACTED] then walked to the SHU officer's desk and returned to the G tier holding what appeared to be a phone in his hands. [REDACTED] walked off the G tier and had a brief conversation with the three SHU officers before he departed the SHU. The attached MCC New York phone log showed that phone number [REDACTED] was dialed from the SHU legal line on August 9, 2019, at 6:58 p.m. [REDACTED] told the OIG he called the SHU twenty minutes later and told the SHU staff to take the phone away from Epstein, and the call log showed that the call was ended at 7:19 p.m. At 7:19 p.m., the video shows that Noel walked onto G tier and returned back to the SHU desk area with what appeared to be a phone in her hand.

Acting Activities Lieutenant [REDACTED] told the OIG that she conducted a round inside the SHU at approximately 7:30 p.m. The TRUIINTEL Supervisor Rounds report showed [REDACTED] conducted a round in the SHU and Unit 10S at 7:31 p.m. Video showed a female CO going into Unit 10S at approximately 7:45 p.m.

[REDACTED] told the OIG that he escorted Epstein back to his cell on L tier. The video review shows, at approximately 7:49 p.m., [REDACTED] could be seen escorting Epstein (white skinned male with white hair wearing orange prison clothing) from G tier toward L tier. Noel told the OIG that she provided Epstein with dinner. The video review shows at approximately 8:39 p.m., Noel can be seen carrying what appeared to be a food tray towards L tier. According to the Daily Assignment Roster, [REDACTED] shift ended at 10 p.m.

The OIG's interviews and investigation revealed that [REDACTED] and Noel did not conduct the 10 p.m. count inside the SHU on August 9, 2019. The OIG's review of the MCC New York 10 p.m. count E1 document from August 9, 2019, showed Control Officer [REDACTED] listed "g/v 10:30 pm," meaning he received a good verbal count from all of the housing units within the MCC New York on August 9, 2019, on or before 10:30 p.m. Multiple MCC employees have told the OIG that two COs are needed to conduct the counts inside the SHU. The OIG's video review showed Noel walked up and down the stairs leading to the M, J, K, G and H tiers in the SHU by herself between 10:30 p.m. and 10:36 p.m. and returned to the SHU officer's desk at 10:36 p.m. Noel cannot be seen walking onto the L tier, as majority of the view of the stairs leading to L tier is blocked off from the camera's view. This indicates to the OIG that Noel conducted a round, as required to be conducted every 30 minutes, rather than the 10 p.m. count. At 10:39 p.m., a CO can be seen going up the stairs of L tier. The OIG believes this is the last time a CO entered the L tier prior to 6 a.m. on August 10, 2019.

According to the MCC Daily Assignment Rosters for August 9 and 10, 2019, [REDACTED] shift ended at 12:00 a.m., at which time [REDACTED] Thomas began his shift in the SHU. Noel and Thomas admitted to the OIG that they

prefilled the count and round sheets for the morning watch shift on August 10, 2019, and did not conduct any of the counts or rounds from 12:00 a.m. to 6:00 a.m. The August 10, 2019, MCC 12 a.m., 3 a.m. and 5 a.m. count sheets were signed by Noel and Thomas. Video footage showed Thomas and Noel did not walk into any of the SHU tiers during their shift from 12:00 a.m. to 6:00 a.m. The video showed CO [REDACTED] reported to work on Unit 10 South at 12:00 a.m. Between 12:00 a.m. and 1:00 a.m. there were very few movements in the SHU area. Between 1:05 a.m. and 3:10 a.m., the OIG did not detect any movement at the SHU officer desk area or around the SHU common area. It appeared that the COs were sleeping at the desk area in the SHU. Noel went to Unit 10 South at 3:14 a.m. and returned back to the SHU at 3:17 a.m., which is consistent with her statement that she assisted [REDACTED] with the Unit 10 South count at 3 a.m. Noel again went to Unit 10 South at 3:42 a.m. and returned to the SHU at 3:51 a.m.

The Federal Bureau of Prisons TRUINTEL Supervisor Rounds report showed Operations Lieutenant [REDACTED] conducted a round in 9 South SHU at 5:21 a.m. and 10 South Upper at 5:22 a.m. Video review shows she arrived in the SHU at 4 a.m. and departed the SHU at 4:14 a.m. Video shows Noel going to Unit 10 South at 5:26 a.m., which is consistent with Noel's statement that she assisted [REDACTED] with Unit 10 South 5 a.m. count. The count slips for Unit 10 South reflected Noel's and Adam's signature for the 3 a.m. and 5 a.m. counts. Thomas relieved [REDACTED] in Unit 10 South from 5:37 a.m. to 5:50 a.m.

At approximately 6:22 a.m., breakfast was brought to the SHU and video shows Thomas and Noel moved the food trays to different areas in the common area of the SHU. At 6:30 a.m., CO (appeared to be Noel) can be seen quickly moving from L tier stairs to the desk area and quickly back multiple times. Noel told the OIG that she opened the L tier gate and stood by the gate while Thomas conducted the feeding. She hit the body alarm on her radio as soon as Thomas told her that Epstein hung himself. Thomas asked her for a cutter, and she went looking for one but never found one. Multiple COs wrote BOP memorandums stating the body alarm was activated at 6:33 a.m. Video shows additional COs going up the stairs for L tier at 6:33 a.m.
