

█

If you can powder coat it grey, that would be awesome. Lets go with RAL 7000, 7001, or 7004.

Thanks,

█

Hello █

The grill door for strip search is done and ready to go to paint. Did you have a specific color you wanted it powder coated?
Do you have an RAL #?

Sincerely,

█

I apologize, the bolt being used is a 5/16-18. Please let me know if you need anything else.

█

I was never sent an answer on the nut size.

Sincerely,

█

I was told you got an answer on this. Is that not the case?

Thanks,

█

Hello █

Has any progress been made on this question?

Sincerely,

█

The below email is in reference to the door we are getting to replace the SHU strip cage door. Please see below question about the food slot. Let us know what size nuts they need to weld.

Thanks,

Hello [REDACTED],

Can you give the exact size of the bolts that you will be using to mount the wicket lock? We will be welding nuts for the bolts and want to be sure they are the right size.

Sincerely,

[REDACTED]

That's fine. We will take it like that.

Thanks,

[REDACTED]

[REDACTED]

Yes, we would need to reduce the doors overall width by 3/16".

Sincerely,

[REDACTED]

Would it be necessary to reduce the width of the door by the thickness of the hinge?

[REDACTED]

Hello [REDACTED],

We are having some trouble with cutting into the tubing to mount the hinges. Would it be acceptable to mount the hinges to the outside of the tubing as seen in the picture I have attached?

Sincerely,

[REDACTED]

Hello [REDACTED],

I have attached the Strip Search Grill Door Drawings for your approval. Please let me know if any changes need to be made.

Sincerely,
