Subject: Re: OAG/ODAG NY visit

Date: Wed, 14 Aug 2019 19:32:38 +0000

Importance: Normal

Attachments: TEXT.htm

Understood Sir. Mr. [REDACTED] has advised me and we are prepared for their arrival tomorrow. We are very transparent and will give an accurate view of the daily operations at MCC to include the areas of concern. Thanks again for all your support.

[REDACTED], not sure if [REDACTED] had a chance to tell you, but [REDACTED] from OAG and [REDACTED], the Principle Deputy AG, are visiting the MCC tomorrow morning. They will want to see SHU and have a lot of questions. Please show them the institution operations. I want them to see that it is a bustling place, not like other facilities. Please have vests for them to wear as they are mandated...that also shows them the risk staff are taking everyday. I'd like you to include [REDACTED] on the tour as well. They know [REDACTED] from EDG and between the three of you, you will be able to provide good perspective as to how the MCC is not really like our other facilities. Do not be shy in pointing out challenges that the MCC has that others do not.

They also need time to meet with the After Action Team and Suicide Reconstruction Team. This probably makes sense to do together due to time limits. But, either way they want to hear from them what their role is how their review is going.

Thanks again everyone for your hard work here.

[REDACTED]
