If they give us the date range we can make a notation of that fact. My question would be, were they there to be an addition to the number of available staff or did they have a special purpose? If they were basically additional officers, then the overtime use will show that even with additional people they keep having shortages. But it will show relief was provided by the agency to head off potential overtime fatigue by regular MCC staff. Sent from my Verizon, Samsung Galaxy smartphone<!--

Jeff -

Great report. Appreciate the help. Quick question; page 15 breaks down the OT occurrences over a period of time. During a 30 day portion of that time we had approximately 15 Officers from other locations TDY to MCC NYM, and much of that OT was provided by those staff. Would it help if we provided that information to show there were additional staff available and the OT was not performed by the current Corr Svc compliment?
