

## INFORMATION RELATED TO ELIGIBILITY AND COMPENSATION

*Please complete the questions below to the best of your ability. You may use additional space to describe your experiences.*

- 1. Do you consider yourself a Victim-Survivor of sexual abuse and/or trafficking by Jeffrey Epstein?**

Yes, I consider myself a Victim-Survivor of sexual abuse and trafficking by Jeffrey Epstein.

When I arrived in New York [REDACTED], I was escaping a physically and mentally abusive relationship. I was a vulnerable young woman who was new to a foreign country and knew no one. I was carefully selected as the perfect victim to be sex trafficked by Epstein.

Once selected by my predator [REDACTED], she quickly gathered my information whilst coercing me into a false friendship. Most importantly, she discovered my true ambition was to study at [REDACTED]

Like all sex trafficking grooming stages, Epstein quickly met my needs to achieve my dreams. This was all an illusion. [REDACTED] told me she knew a wealthy philanthropist who could help me [REDACTED] Epstein quickly established those credentials by promising to send me to my dream school under certain conditions, which began to increase in time.

Once befriended by [REDACTED], I was coerced to visit Epstein Island, St. Little James, on my first visit. She said it was purely a girl's trip, and once on the island, Epstein's sexual abuse started and continued until May 2007. My passport was taken away and I could not leave and he always promised to find me if I left. Epstein had complete control over every aspect of my life, including medication, shelter, food and basic human living necessities. He delighted in torturing me by dangling rewards for being raped that were never entirely within reach with the help of an extensive network of enablers, including [REDACTED], located at their Headquarters in New York in 2007.

He found out my biggest fear was anything happening to my family, and he used that till, to my core, I was convinced my family would be murdered. I lived in a permanent state of "Flight or Fright" and still do.

Most importantly, at no time did I ever consent to being raped and raped repeatedly. The fact that my predator was paid money for my delivery to Epstein means I was sold into sex slavery. I'm assuming the payment made on my behalf came from Epstein's JP Morgan account.

**To the best of your ability, please describe the circumstances under which you first met Jeffrey Epstein and/or anyone associated with him (including the approximate date).**

██████████ ██████████ - I met ██████████, one of Epstein's recruiters, in a ██████████ around two weeks after arriving in ██████████. She soon introduced me to Epstein.

**Jeffrey Epstein** – I agreed with ██████████ to meet Epstein at the cinemas around a week after meeting her. I, Epstein, and several other girls, including ██████████, went to the movies. The third time I met, Epstein was on his plane to the island to be raped in early ██████████.

██████████ ██████████ – On the first plane to the island in late October ██████████ I met ██████████. She was Epstein's "girlfriend". I saw her often throughout my trafficking as she was often with Epstein. She also sexually assaulted me in early 2007.

██████████ ██████████ - On one of Epstein's plane rides to St Little James, I met ██████████ ██████████. We first flew together on Epstein's plane on the 10<sup>th</sup> of December 2006 along with ██████████ ██████████. ██████████ was an employee and best friend of my recruiter.

I saw ██████████ on many occasions in the USVI and New York.

**Ghislaine Maxwell** - I met Ghislaine roughly after the second trip on the island in USVI after I started being sex trafficked by Epstein in late 2006. I met her frequently until May 2007. She was Epstein's right-hand lady who controlled everything, including me. Without Ghislaine, there would be no Epstein.

██████████ ██████████ - I first met ██████████ in St Little James USVI early in my sex trafficking in 2006. I saw ██████████ multiple times as she was Epstein's PA, including in New York.

**Lesley Groff** – Lesley was also a top lieutenant PA for Epstein. I never met Lesly personally; however, we were in permanent contact as she and [REDACTED] were constantly making arrangements for me on behalf of Epstein. Our correspondence increased when she helped with my [REDACTED] application for Epstein.

**Jean Luc Brunel** - I met Brunel when I met Ghislaine at St Little James. I saw him on multiple trips to the island. He was a top employee of Epstein's.

**Cathy & Miles Alexander**- I first met Epstein's Island Managers when I first visited the island in early October 2006. I saw them every time I went to Epstein's Island.

**Igor** - I met Igor generally every time I saw Epstein from early October 2006 – May 2007, as he was Epstein's bodyguard.

[REDACTED] [REDACTED] - I first met [REDACTED] when she was new to being trafficked by Epstein late December 2006.

[REDACTED] - I first met [REDACTED], another survivor, in late December 2006.

**Sergey Brin and Ann Wojcicki** – I met the pair on Epstein's Island, St. Little James when they spent the day with Epstein, Maxwell, and Jean- Luc on 01/01/2007.

**Alan Dershowitz** – I first met Dershowitz at the beginning of 2007 at Epstein's office in NY for legal representation. The second time I met him was at a restaurant with Epstein, and the thirist time at Epstein's Mansion.

[REDACTED] – I met [REDACTED] in January 2007. When I first arrived, I shared a room in an apartment on [REDACTED] I was in the neighbourhood where I met [REDACTED] in the corner shop by the apartment. When walking out, a homeless man I knew through being a regular at the store introduced me to [REDACTED] out of the blue. He was adamant that we had to meet each other.

**2. Provide the approximate time period during which you interacted with Jeffrey Epstein and/or anyone associated with him.**

I regularly interacted with [REDACTED], Jeffrey Epstein, [REDACTED] (we both also stayed at Epstein's apartments [REDACTED] NY and interacted there, too), [REDACTED], Ghislaine Maxwell, [REDACTED], Lesley Groff, Jean Luc Brunel, Cathy & Miles Alexander, Igor during the duration of my trafficking which was from late September/October 2006 to May 2007

[REDACTED] – I saw initially saw her regularly after the New Year's Trip.

[REDACTED] – I spent the New Year's trip with her for a few days, and I think I'm sure I saw her on more trips after.

**Sergey Brin and Ann Wojcicki** - One day – 01/01/2007

**Alan Dershowitz** – On three occasions in early 2007

[REDACTED] - January 2007 – 16 August 2008

**3. List the location(s) where you were sexually abused and/or trafficked by Jeffrey Epstein and/or anyone associated with him.**

I was trafficked in the following locations:

- 1.) Jeffery's New York Mansion - 9 East 71<sup>st</sup> Street
- 2.) US Virgin Islands – St. Little James
- 3.) Epstein's Apartment – 301E. 66<sup>th</sup> Street NY
- 4.) [REDACTED] NY apartment – He lived just off [REDACTED] Across the road from my old room share and in the only neighbourhood, I felt any form of safety.

5.) [REDACTED] - [REDACTED]

**4. When did the sexual abuse and/or trafficking occur? (Please identify the approximate date(s) that the sexual abuse and/or trafficking happened, to the best of your knowledge)**

**Jeffrey Epstein and Co** – Early October 2006 – May 2007

[REDACTED] - January 2007 – 16 August 2008

**Alan Dershowitz and [REDACTED]** – Early 2007

**5. On approximately how many separate occasions were you sexually abused and/or trafficked by Jeffrey Epstein and/or anyone associated with him?**

**Jeffrey Epstein** - During the first visit to the island, I was raped repeatedly by Epstein. After the first visit, Epstein raped me regularly until I managed to “escape” from him in May 2007 and sometimes up to thrice a day.

[REDACTED] - I was repeatedly abused sexually, mentally, and emotionally from when I first met [REDACTED] at [REDACTED] in January 2007 to 16<sup>th</sup> August 2008.

**Alan Dershowitz and [REDACTED]** – I was sexually assaulted on one occasion.

**6. To the best of your ability, describe the nature and circumstances of the sexual abuse and/or trafficking.**

Epstein controlled my life for almost a year, abusing me regularly in New York and on the Island of St Little James. The abuse was both physical and emotional. Epstein housed me in one of his many apartments on [REDACTED]. He bought my food, paid for my medication, and even controlled how I wore my hair.

I was put on a low-calorie diet and starved because Epstein insisted that I reach an unachievable weight as a prerequisite to “helping” me with my [REDACTED] admission. However, he sent me to a psychiatrist to prescribe me medication whose main side effect was weight gain. Epstein never intended to send me to [REDACTED] and enjoyed tormenting me. Epstein even got his assistant Lesley Groff to monitor my weight loss and had to send her nude pictures of myself.

On the 6<sup>th</sup> February 2007 I wrote to Lesley “ Please could you also let him know that I am now 57kg and that everything is going well in [REDACTED].”

On the 8<sup>th</sup> of February 2007, I wrote to Lesley “Could you please tell Jeffrey to phone me on the number I have asap as I’m not prepared to go under 56kg in order to study at [REDACTED].”

On the 16<sup>th</sup> of February Lesley writes to me “Hi [REDACTED]...Jeffery is awaiting your picture!...and why were you hoping to hear from me before going to bed??”

;)Les”

As soon as I stepped on Epstein’s plane for the first time, I was captured on Epstein’s web. My passport was taken away and the sexual abuse began. Epstein caused significant physical damage to my insides, vaginal area and rectum. Epstein raped me daily and sometimes up to three times a day.

One day I was in severe distress and afraid; I tried to escape Epstein and the others by trying to swim off St Little James. Epstein and Maxwell, after spending the day being raped, bullied, and belittled, brought me back as if nothing happened. Epstein and Maxwell maintained control by constantly alternating between sticks of abuse and false carrots as praise. When I was raped, I was made a cup of tea by Cathy and met with smiles. Epstein Maxwell and others made threats and offered bribes, and everyone around normalised this behaviour, from my recruiter, her best friend [REDACTED] [REDACTED] Epstein's “girlfriend” [REDACTED],

Epstein's employees to the border control that ignored hundreds of children and young women like me being trafficked.

Once Jeffrey was tired of me, he sent me to [REDACTED] to recruit another victim. Upon return, I purposely failed to bring him a victim to sexually abuse, and I failed to lose yet more [REDACTED]. For this, I was severely punished by Epstein, a memory that will forever be in my mind.

Epstein had me carry a Blackberry, and if I did not answer immediately, Epstein would come and find me. One day I was walking in New York and did not answer Epstein. Within minutes Epstein's driver pulled up beside me. He made it clear not to disobey him.

Beyond Epstein's abuse, he also forced me to have sex with others against my will. One day Epstein summoned me to his mansion. When I arrived, [REDACTED] [REDACTED] was waiting for me. [REDACTED] led me to the upstairs bedroom, where Epstein forced me to perform sexual acts with his lawyer friend, Alan Dershowitz, and [REDACTED]. This event traumatised me.

In early January 2007, I met randomly in my old neighbourhood. [REDACTED] worked as [REDACTED] and I quickly fell for his charming disposition.

Early in the relationship, I told him about Jeffrey. On the 26<sup>th</sup> of January, I wrote to [REDACTED] at [REDACTED] "I am off to eat some celery. Oh, I almost forgot to tell you. I spoke to Jeffrey this morning and everything is fine. He told me not to worry."

[REDACTED] knew Epstein put me on an unrealistic extreme diet and that I suffered from intense kidney pain, headaches, exhaustion, and starvation to get into [REDACTED]. [REDACTED] supported my weight loss and bought expensive gifts to celebrate my weight goals. [REDACTED] even helped me with my [REDACTED] application. On the 9<sup>th</sup> of February 2007, [REDACTED] wrote, "Good Morning Beautiful!! Made a few additions –it's now up to 602 words. We need to get it up to about 675-725. Have attached the document and copied the text below."

[REDACTED] knew that Epstein was controlling me chemically. Epstein's psychiatrist prescribed me [REDACTED]. Due to the nature of the medication, I couldn't go one day without my medication and the financial assistance of Epstein to pay for my prescription. I begged [REDACTED] to put me on his health insurance so I could break free from Epstein and him rapping me.

- 7. Did anyone witness the sexual abuse and/or trafficking or circumstances surrounding the abuse and/or trafficking? If yes, please provide the name(s) of each witness and date(s) of the incident(s) the person witnessed. Anyone's name who you provide will be kept confidential. The Claims Administrator will not reach out to this person / these people.**

**Miles and Cathy Alexander -**

Miles and Cathy were always around on St Little James as they were the island managers. It was their job to observe everything, and they were highly paid to do so. They were always in and out of bungalows, shepherding us around and serving us. Making sure everything ran smoothly.

When I first arrived, they greeted me with warmth and friendliness. Their smiles were white and bright. They used the same friendly, warm smiles to comfort me after Epstein raped me, and I fled, bleeding and crying.

**Igor Zinoviev -**

Igor was always there when I was on the island. He regularly saw me in distress. On one occasion, after being raped three times that day and being bullied, belittled, and starved, I tried to swim off the island to escape my worst nightmare.

Before I started, I was stopped. I was returned to my hell hole. During a meeting, Igor confirmed to Brad Edwards that he had witnessed the traumatic event. He told Brad that my "attempt showed no greater level of distress than he'd seen in other girls throughout the years".

Again, Igor's job as Epstein's bodyguard was to observe everything. Brad confirmed this in his book *Relentless Pursuit*, page 305, which I have included.

██████████ ██████████ -

Epstein, [REDACTED], and others have broken me unfathomably.

Whilst with Epstein, I suffered severe depression, anxiety, and physical damage due to his daily rapes. I was sometimes raped up to three times a day. The psychological damage and trauma that Epstein caused by his continuous sexual assault is irreparable, and I will forever live with deep emotional scars. No amount of time can truly heal those wounds.

When Epstein put me on the extreme diet, I became dangerously thin and suffered severe [REDACTED]. Since then, I have engaged in extreme dieting and found it challenging to maintain a healthy weight. Psychologically what Epstein did by starving me into an extreme weight loss that was never achievable for education and using it as an excuse to assault me sexually repeatedly has been profound and is a daily struggle.

Since Epstein's psychiatrist prescribed me, I have been on various medications and will continue for the foreseeable future. I have been referred to a psychiatrist in the [REDACTED] to oversee continued medication and trauma treatment.

The deceit, extreme gaslighting, coercion, manipulation and sexual abuse suffered by [REDACTED] have caused tremendous trauma, which recently manifested in significant mental and physical health issues, some of which may never be resolved.

Whilst [REDACTED] was living with me, I began to see media reports on Epstein and his plea deal with Alex Acosta. The reports triggered me enormously, and with the help of the abusive relationship with [REDACTED]

I was in [REDACTED]. Due to recovery and the financial turmoil [REDACTED] left me in, I lost my home in [REDACTED]. It took me several years to recover financially.

[REDACTED] due to overwhelming fear of what Epstein would do to my family and me and reliving the trauma of the daily rapes. [REDACTED]

Since then, I have been coping with the all-consuming fear that someday one of Epstein's associates would harm me, my loved ones, and my family.

Epstein, [REDACTED], and others have soiled my soul as a human being. I pray that the severe emotional distress and anxiety will someday subside. My privacy has been breached, and my reputation has been damaged. Worse of all, Epstein, [REDACTED], and others have taken what should be the best years of my life away from me. No monetary compensation in the world can replace time stolen from me. Time is priceless, something that not even the wealthiest man in the world can purchase.

I frequently experience flashbacks and wake up in cold sweats from nightmares reliving the traumatic experience. I'm hypervigilant, experience dramatic mood changes, and avoid certain places, situations, and people, especially men. I will sometimes start to cry uncontrollably and without apparent reason. [REDACTED]

[REDACTED]

[REDACTED] due to the current litigation with JP Morgan and the trauma of reliving my sex trafficking and abusive relationship with [REDACTED]. The external trauma stress has and is profoundly affecting my body.

In addition, I shy away from strangers and have difficulty making new friends because they could be associated with Epstein, [REDACTED], and others. Something which will forever be a probable threat for the rest of my life.

Since coming forward, I have lived in hiding, [REDACTED] and struggled to cope with years of fighting for justice and the truth. The ongoing Epstein saga has had catastrophic consequences on my mental health, and I have been unable to earn a living throughout the years apart from my memoir.

[REDACTED]

Due to the nature and duration of my treatment and the severity of my trauma, it will be unlikely that I will be able to return to employment in the foreseeable future, if ever.

- 9. Have you received any treatment or services (medical, counseling, addiction, etc.) related to the sexual abuse and/or trafficking by Jeffrey Epstein and/or anyone associated with him? If yes, please describe and provide the name of the service provider, the date(s) of the services provided, and a description of the services.**

Yes, I have.

2.) [REDACTED]

I again had to stop therapy due to a lack of finances. Therapy was also tricky because I have been in the thick of trying to achieve justice for myself and others who were sexually trafficked.  have been horrific. It has been challenging to get into a space to achieve even the slightest of healing.

**10. Did you attempt to contact law enforcement or were otherwise prevented from contacting law enforcement or seeking help by Jeffery Epstein and/or anyone associated with him? If so, please explain the efforts you took to contact law enforcement or seek help and how you were prevented from doing so.**

**Jeffrey Epstein –**

Whilst I Was being trafficked, I was repeatedly told by Epstein that if I ever told anyone or went to the FBI or any authorities, my family and I would get killed. I also could not escape from Epstein.

Epstein had me carry a Blackberry given to me by him, and if I did not answer immediately, he would come and find me. One day I was walking in New York and did not answer Epstein as I knew he wanted to weigh, berate, and then rape me afterwards as punishment for not weighing his unachievable weight loss goals. Undoubtedly, the Blackberry Epstein gave me was always tracking me.

Within minutes Epstein's driver pulled up beside me. Epstein then demanded that I get in the car, took me back to his mansion, and made it very clear that I had to obey him.

When I came forward in 2016, I was also located and followed in [REDACTED] which led me to live in hiding in [REDACTED] for two years which was incredibly difficult and isolating. Once again, Epstein, [REDACTED] and others had imprisoned me once again. While I was hiding, Jeffrey demonstrated that he could locate me again by emailing another [REDACTED] victim [REDACTED] [REDACTED] to locate me after I came forward.

After my case was settled, the **US Government** discovered that Epstein attempted to sabotage my case by paying off fact witnesses before their scheduled depositions when my case was pending.

[REDACTED] –

During my time with [REDACTED], he discovered Epstein was sexually trafficking me early in our relationship. At not one point did he suggest I should go to the FBI or authorities in fear that I and my family would be harmed. Instead, when I was most distressed and just about to come forward, he would pacify me, then manipulate me not to and, to deter me, send me to therapy and overindulge me with expensive gifts and dinners.

HE ARRANGED THERAPY FOR ME when I was just on the brink of going to the authorities on two separate occasions. One during the Epstein investigation and the second during the plea bargain. Epstein used this exact strategy. [REDACTED] normalised and aided my sex trafficking with Epstein and others.

He first sent me to therapy when he worked at [REDACTED] whilst Epstein was their client.

Please see below an example corresponding to therapy. On the 10<sup>th</sup> of July, [REDACTED] wrote from his [REDACTED] Email account [REDACTED]

“Here are the forms and the locations as well.

I am so happy for you to start this... and proud of your resolve to be happy and have a better life.

Xxx”

Over the last seven years, it would have been easier to draw a drop of blood out of the centre of Ayers Rock than achieve true justice where all those responsible are held accountable. I realise that true justice is a mere fantasy, for I and hundreds of other women (some of whom were children when trafficked).

My life has been shattered seeking the truth and I have made many personal sacrifices along the journey. One is privacy.

The world needed to hear my and others' stories of how we were trafficked and implicate those in a quest for justice. The woman whom Epstein and others sexually assaulted needed to know they were not alone and to offer comfort to those suffering like me.

 to my detriment, which massively impacted my mental health. I want to point out that I have not received payment for an interview, nor have I asked.
