Subject: [EXTERNAL] Miss Maxwell 1976-77

In the summer of 76-77 I met a young girl right over the long beach island NJ bridge, she was way out of my league but real friendly and seem to need a friend, during our walk to the beach from the house that she had claimed miss Maxwell was her sister and I asked why they talked different, we ran into mr Epstein, she changed quickly and was afraid and submissive and had to talk to him, she came back rattled, so I asked who he was, her reply was Epstein, I said who that and her reply was you don't have a Epstein in your life, that's good for me. The next day I returned and knocked on the door to see her and Maxwell came to the door and said she had died and laughing a nervous laugh but even then knew something was wrong more than she had changed her mind about me, so I stood there and within minutes heard the girl say to Maxwell that, "he is to smart, don't tell him that, see, Maxwell came back out and said, she had run away to home, and both houses were empty by the next day. To prove this look for Epsteins car or rental a 76-77 Mopar brown gold aspen station wagon or home rental two blocks left of bridge, ocean side. Hope this can help all. Keith
