Dear [Redacted],

My name is [Redacted] and I am writing to you today in regards to the subject Access request that you made earlier this year. I have been tasked with handling your case and unfortunatley I am unable to find you on the Guys and St Thomas System.

Could you please confirm if you attended either of these hospitals or the Royal Brompton.

If you have any further information that could be of use that would help such as a correct NHS number or a patient ID I would greatly appreciate that.

Kind regards

Information Governance Officer
Data, Technology & Information (DT&i) Directorate
