FYI I'm [redacted] James please we were supposed to do a claim against the FBI.

Can you give us a date when you will be logging the claim. I get we are not important. But this is important to the Jeffrey Epstein Survivors.

It is but I am also responsible for over 100 clients sexually abused by priests and the Catholic Church I've been working on their cases for over four years which is why we have an entire law firm with many excellent lawyers like Bob and Jennifer. I'm reviewing everything I just don't have constant updates.
