Thanks for the email.

[redacted] posed as a modeling agent in South Africa at the Cape Grace Hotel.

It was 26 September 2002, I have the dates written in my diary from that year.

Bill Clinton also witnessed the "casting".

I was then taken to Paris and saw many models - they could barely speak English.

Ghislaine Maxwell was there at the same time, it was in 2003.

I can check the dates if necessary

Hi Ju [redacted]

I hope your well. I'm not doing so well but surviving.

I'm sorry to bring this up as I know it's a triggering subject and again brings up immense trauma.

This is really really important and need to know, when you were recruited and then sex trafficked under false pretenses to get a modelling contact with Victoria Secrets etc in Cape Town in 2002, did you meet the following:

Ghislaine Maxwell

Again i can't stress how important this is.

Please can you respond as soon as you can.
