

Epstein and Maxwell Rape and Sex Traffick Survivor - [REDACTED] [REDACTED] – Former Client of David Boies, Sigrid McCawley, Stanley Pottinger and Brad Edwards.

06 September 2022

When I was seeking legal representation to advocate for my rights as a sex trafficked victim of Epstein, Maxwell and their co-conspirators, David Boies and his firm informed me that they would represent me only if I provided a deposition in support of one of his other clients, [REDACTED] [REDACTED], for use in her civil case.

I did not want to provide the deposition as I knew I would have to disclose very personal details that I did not feel ready to tell at that stage. However, I wanted to secure legal representation, so I agreed. Boies and his firm promised me that the deposition would remain sealed entirely and confidential. The deposition transcript, which I can produce, is clearly labelled “HIGHLY CONFIDENTIAL”.

I was asked to do the deposition on **17 February 2017**. Still, according to my records, I did not sign a retainer with Boies Schiller until **24 February 2017**, which shows that they were waiting for me to do the deposition before representing me. They filed my civil claim on **26th January 2017** – before they were even formally my lawyers.

On **January 10, 2017**, I wrote an email to Stan. “Stan Can you please give me a call please thank you S”

On **January 13, 2017**, Stan wrote back to me. “Hi [REDACTED], When can we talk? Important that we do so Friday. Send Proton, please. Stan”

On **January 14th, 2017**, I wrote to Stan and Brad. “Stan, Can you please give me an update on what this deposition relates to, i.e. Which case? Also, did you manage to talk with the 1 party you contacted and the other you were trying to contact? Thank you”

On **January 14th 2017** Stan wrote,

“The other side has been notified that we will be taking your deposition in the next three weeks. Only the time needs to be worked out. I mention this, as I did in our telcon call today, so that you can be on your toes in case they try to call you, email you, or contact you in any way. Do not talk to them in any fashion. Hang Up. Do not reply to emails. Do not be frightened by anything. Once you are in the open, so to speak, you are safer than ever. They cannot harass you because your name is now part of the United court system. They are not allowed to tamper with you, and if they try, they are subject to legal sanctions by the court. Let me know if you get any strange calls or efforts to contact you. You will be fine, but we want to know of any funny business by the other side. Best, Stan”.

On **14th January 2017**, Stan wrote,

“Hi, [REDACTED] The deposition will be taken in connection with [REDACTED] case against Maxwell, which will go to trial in March. The subjects covered are those we talked about with you in person, including Epstein and [REDACTED]. I will talk to you on the phone regarding the scope of the deposition and the related questions you raise, including your own lawsuit against Epstein”

On the **21st of February 2017**, four days after the deposition, I wrote to Stan, “Stan, when are you able to call me please.”

On **21st February 2017**, Stan replies, “What about”

On **21st February 2017**, I replied, “Stan, I think you know what it's about. Now that you guys have what you want from me, you have left me high and dry. You obviously don't need me anymore. Your last conversation was a disgrace, and you have let me down and gone back on your word. Our time is finished.”

Three days later, on the **24th of February 2017**, after they had already filed my own lawsuit **26th January 2017**, I eventually signed the retainer for Boise Shiller. When I was asked to do the deposition for [REDACTED], [REDACTED] was frightened, and indeed Jeffrey was trying to find me whilst in hiding.

On **13 January 2017**, Jeffrey contacted another sex trafficked victim [REDACTED]. Epstein wrote,

“hi, was [REDACTED] [REDACTED] a friend of yours?”

Doing that deposition jeopardised my safety, and it wasn't even for my own case but for another of his clients. I had already been tracked down in Barcelona, and they knew this, which is why I went into hiding in the first place. I made it very clear at the start of the deposition that I was afraid for my and my family's safety and that I had been followed. During the deposition, I was then harassed and intimidated to repeatedly give the address where I was in hiding, including my loved one contact details.

This made me very uncomfortable and even more frightened as Ghislaine appeared by telephone for the deposition duration. I don't know who else was listening and remember hearing a male cough at one point during the deposition. I found this incredibly intimidating.

I would like to point out that in Brad Edwards's book, “**Relentless Pursuit**” pg **302 and 303**, he said that after my two-day briefing in Barcelona on his way back to Miami had two near-death experiences “**In one day, I discovered twice that I was lucky to be alive.**”

So, if Brad has experienced **two** near-death experiences, why on earth would they put me on a plane whilst in hiding with Jeffrey trying to locate me to do [REDACTED] deposition a month later!!

This shows that Boies and Co had absolutely no regard for me and my then partner Peter's safety, who flew with me and was always about their other client [REDACTED]. This, of course, was not mentioned to me and had the delight of reading about it in his book years after the incidents occurred.

If I had known about Brad's experiences, I would **never ever** have flown to New York to do that deposition for [REDACTED], but sadly if I had known, I would have had little choice otherwise; they wouldn't have proceeded with my own litigation against Epstein and Co. They could have arranged to do the deposition in Spain to protect me. Perhaps **I'm the one that's lucky to be alive?!**

What is even worse, whilst I was in New York for [REDACTED] deposition, they helped me reach out to another fellow survivor who was on the island with me. She was the young ballerina I tried to protect from Epstein and Maxwell and the co-conspirators.

We were both raped repeatedly by Epstein whilst on the island together. I wanted to reach out to her to see if she was still alive and tell her I loved her and that I was sorry I didn't take her with me when I fled for my life in **2007** from Epstein and Maxwell. I couldn't. For years I blamed myself for not saving her.

On **28th February 2017**, [REDACTED] (the other rape victim) wrote to me,

"Hi [REDACTED], it's [REDACTED]. It was so nice hearing from you, and I can't wait to see you and catch up!"

On **28th February 2017**, I wrote to Stan and Brad, "I'm just going to forward any correspondence I have with her."

On the **1st of March 2017**, Stan wrote to me saying that he had managed to contact her,

"I sent an email to her inviting her to a risk-free chat. This would be an ideal time for you to send her an email encouraging her to meet and assuring her that she can trust me. She has absolutely nothing to lose and potentially a lot to gain. Tnx."

It breaks my heart that whilst I was trying to connect with a long-lost friend and fellow survivor of Epstein, I led her straight into the lion's den. I won't forgive myself for that. [REDACTED] was also a key witness in my own litigation because she would corroborate my story and whom we met on the island, for example, Epstein and Maxwell's long-time friends Sergey Brin (Co-Founder of Google) and his then fiancé Ann Wojcicki (Co-Founder of 23&ME) on **1st January 2007**.

█████ fully corroborated my story! We also both had a disk of photos that Jean Luc Brunel gave us during one trip to the island, which included pictures of us, another rape victim, █████, Epstein, Maxwell, █████, █████, █████, and Jean Luc himself, staff etc.

I also have an email from █████ █████ on **28 December 2006** confirming this trip. █████ █████ correspondence of that specific trip below will also be included in my evidence.

“Here is your flight details..You will be going with a girl named █████ and a guy named Valdson. THEY will both be staying at 301 E. 66 as well. I have a car picking you all up at 6:45am if you want to meet in the lobby...Please let me know you got this.. thanks!Traveler(s) Frequent flier detail █████ █████ Saturday, December 30, 2006Continental Airlines 1884Depart: 9:25ammorning Newark, NJNewark Liberty Int'l (EWR)Arrive: 2:43pmafternoon St Thomas Island, Virgin Islands (U.S.)St Thomas Island Cyril E King (STT)Economy | Boeing 737-700 Passenger (73G) | 4hr 18min | 1635 milesSeat: █████

This confirms that I was housed in one of Epstein's residences, where most rape survivors were housed.

Initially, █████ said she would help me, but she just disappeared “conveniently”, and I never heard from her again. I was shocked to see her in the courtroom when on **29th August 2019**, Judge Richard M Burman kindly invited the survivors who had the bravery and courage to come forward to have a voice. Epstein's death was a tragedy because he would never be held accountable for his crimes against humanity. All of us were profoundly and still are affected by this miscarriage of justice, thanks to the DOJ.

Judge Burman gave us a slice of dignity and self-worth back when we all gave our Victim Impact Statements, and he finally gave some of us our day in court after years of fighting for justice. Burman didn't want us to be “Silenced” in our fight for justice. For that, I'm most grateful. I never got to thank him personally.

The other tragedy that day is that it turned out that Brad and Stan were now representing █████. I wish Brad and Stan had told me they had contact with her and found this confusing and distressing, especially as they knew I had reached out to her before for my own litigation.

I'm also confused about why she wasn't subpoenaed and deposed in my own litigation or her little sister. My case was unduly “settled” in **December 2018**, yet the very key witness that would provide testimony is now their client a mere **8 months** later. I'm assuming they also represented her little sister too, which also could have provided information on Epstein's sex trafficking conspiracy.

I also don't understand why Igor Zinoviev, Epstein's bodyguard, was not subpoenaed in my own litigation. In Brad's book, **pg.; 305**, he said he met Igor after meeting me in Barcelona. Igor, who was also a key witness in my litigation, confirmed to Brad that I did try and swim off the island that night after I had been repeatedly raped by Epstein.

“Yes, he confirmed that [REDACTED] tried to swim off the island, but her attempt showed no greater level of distress than he’d seen in other girls throughout the years. The rest of the meeting had little to do with the girls and much to do with the danger he saw me putting myself in with Epstein”.

This was a direct threat to Brad and his safety. Again, I ask, why would they then put me on a plane less than a month later to benefit another client, [REDACTED]?

In my previous grievance dated **19th August 2022**, I wrote,

“In 2020, Boies and his firm asked the courts to unseal my deposition against my wishes and make the evidence public. This is because to do so would benefit another of his clients, [REDACTED], but was strongly counter to my interests.”

Upon my own investigation and that of Law 360, which was reported on **26th August 2022** (David Boies Faces Grievance Complaint Over Epstein Case), I would like to point out that Boies Shiller had been disqualified from representing [REDACTED] in the Dershowitz case since her (and my) attorneys could be called to testify as part of the underlying allegations in the case, according to a court order.

“Other attorneys for [REDACTED] were on board with at least disclosing records that directly concerned Dershowitz. However, before making its decision on the bid to unseal records, the court asked Jane Does, which included [REDACTED], to register any objection.”

When the judge did give the Jane Does an opportunity to register any objections, I had to hear the news from another sex trafficked survivor [REDACTED] [REDACTED], another of David Boies's Clients.

I made my feelings very clear about the release of my deposition when I wrote to Brad on **23rd April 2020**,

“Dear Brad, Thank you for taking time out for me yesterday. Unfortunately I had some bad news from Sigrid yesterday and am besieged and riddled with FEAR, anger and hatred! Enough!!!!!! I have had enough!!!!!! I’m inconsolable since Sigrid and my conversation yesterday. Alan is after me. He will find me and serve me. For what??? This is not my case, I chose my battles wisely and this was not a fight I have the strength to fight. If I wanted to be involved in this shit show I would have sued Alan myself but chose a life of peace and solidarity instead. And my voice was silenced by the very people I trusted. For what! Do I need to jump off another balcony to appease all of you, because I will!! You will never know what I went through. Ever! What do you want from me! I’m broken now I have to live in fear, once again. Everyday, every month, every year until Alan finds me! I supported [REDACTED] once before, and will not do it again. She also betrayed me. I’m aware of the amount she earned through her settlement. Not even a fraction of what was compensated to me. I know this as a fact. I spent two years living in isolation in a [REDACTED] where I didn’t have an English conversation for two years because I

was so frightened. For what! I was followed in [REDACTED] (none of you believed me but you were almost taken out twice at the airport after meeting me) and my life threatened yet you guys still did not believe me. I will give you my previous address so you can research where I lived and maybe then you'll have some respect for me and what I have actually been through. Now I must live in fear once more!!!! Alan will find me!!!! For what, so VR can get another payout!!! I will rather jump again!!! And I'm not joking! Who will protect me??? David Boies, that's as bad as a knock knock joke! I will not be betrayed again! I'm tired of being used!

I later followed up with an email to Brad, **23rd April 2020 7.39pm UK Time**,

“If Alan or his cronies come anywhere near me or my home, you will all have blood on your hands.”

On **5th August 2020**, I wrote to Sigrid, “[REDACTED], sent me this. What on earth is going on?”.

On **5th August 2020**, I wrote again to Sigrid, “I have two days, Sigrid!”.

On **6th August 2020**, Sigrid responds, “That is [REDACTED] texting a clip from an Order from the [REDACTED] v. Dershowitz case that Judge Preska issued – (I am not counsel in that case, but she is the same Judge that is overseeing the unsealing process in the [REDACTED] v. Maxwell case). There is a Protective Order in that case, and Dershowitz is seeking certain documents under the Protective Order. She is giving anyone who wants to object until August 8th to lodge an objection which is why I reached out to you yesterday about setting up a call with the lawyer I found who can represent you pro bono to help you with that objection. I have not heard back from him regarding a time for that call yet. Here is the full order above from the [REDACTED] v. Dershowitz case.”

On **6th August 2020**, Sigrid follows up with another email which says, “I was typing too fast – so sorry – It is August 18th, so you have 13 days to lodge an objection – she just issued the order. I am helping you by finding you a lawyer that can represent you so you can submit the objection you want to make. I just have not heard back from him yet on a time for a call. I will let you know as soon as I hear. “

Firstly, I should never have been informed by another sex trafficked survivor [REDACTED] who first went to the FBI in **1996** to report this sex trafficking conspiracy which included her sister [REDACTED] [REDACTED], another client of Boise who, after years of representing me, they were just about to betray me. I'm grateful to [REDACTED].

At that point, I had days per my email to Sigrid. If I hadn't received a warning from [REDACTED] [REDACTED] and emailed Sigrid, when would my attorneys have told me? Before it's too late? I assume yes!! Clever strategy but failed.

Secondly, they again created a conflict of interest between two existing clients for [REDACTED] benefit. They received my doctor's letter in July. They were fully aware that I did not want to be involved in any more litigation, especially be a witness for [REDACTED] **again** in any other of her **civil suits** so that she and her attorneys could have **another payday**.

Thirdly, they should not have continued to represent me with our compensation fund application against Epstein's Estate. They were no longer my lawyers and had a conflict of interest because of [REDACTED].

How do I know that they, in fact, represented my best interests as their former client? I did get compensation however feel that no victim was compensated correctly and feel it was more silencing money to sign away any further legal proceedings against the perpetrators, and every single victim that came forward signed away their rights for scrapes.

Fourthly, it's appalling that Sigrid gave me, her client, so little time to find a new law firm to represent me and to put my case together to protect myself and my family.

At this point, I was desperate to find new lawyers to represent me in the fight against Boise's attempt to go public with a deposition that I never wanted to give and was promised would be forever kept under seal. This fight is ongoing and has harmed me immeasurably.

They knew that deposition had sensitive material about my private life and family, including their contact details which I did not feel comfortable giving to Ghislaine's attorneys (**AS I WAS IN HIDING**). I was incredibly embarrassed about my past, which was later used against me in litigation to my detriment.

Due to Boies and Co giving me so little time to prepare to object against my deposition being released to the public, which would benefit [REDACTED] massively in her upcoming civil trial against Dershowitz, I wrote to Brad on **August 7th, 2020**,

"Dear Brad,

I authorize you to speak to Steve Kelly and his team regarding matters concerning my intention to file an objection to the unsealing of my deposition in the Southern District of New York.

I'm really concerned though as Sigrid said she had found a lawyer to represent me Pro Bono to make the objection but she said he hadn't got back to her. That was two days ago.

I can't afford a lawyer to help me and feel very let down and abandoned by other parties, you are very much excluded from this. Would Steve be able to do the objection pro bono?

I'm at a loss of what to do and completely traumatised by the whole thing. I have until the 18th August to put in my objection and time is running out."

On **7th August 2020** Brad responds,

"[REDACTED],

Because of the particular legal conflict, I cannot speak with Steve on your behalf on this matter. It's just not allowed or I would do it of course.

He is a reasonable and good guy, which is why I connected you to him. He will do a good job. However, I doubt he will handle this pro bono but you can ask him. If you learn who Sigrid was connecting you with, let me know and I'll see if I know them.

Brad”

I signed a retainer with Marsh Law Firm plc on **13th August 2020**, and superhero Bob filed a motion on the **25th of August 2020** to protect my privacy and to **STOP ME FROM BEING PULLED INTO ANOTHER [REDACTED] CASE AGAINST MY WILL!** From what I understand, it was Paul Cassell who helped find James Marsh Law Firm.

I would like to make it clear that if the judge had not given the Jane Does an extension to put in their objections, I would have, without question, missed the **18th August 2020** deadline.

Boies and Co knew this, too otherwise, they would have helped me seek other legal representation months earlier and not right at the last moment when they knew fine well that the initial deadline was near enough impossible to meet.

I can also produce a note from [REDACTED] to Sigrid McCawley, dated **31st July 2020**, which was added to my compensation fund claim against Epstein's Estate, in which they represented me. Dr Lockwood wrote,

"it is important for her healing for Ms [REDACTED] to be able to process her past without the ongoing disruption of court proceedings and with her confidentiality being maintained."

My current attorneys, Bob and James, also wrote a letter, which I can also produce, saying that I "should not now be forced to endure further emotional turmoil by being pulled (unwillingly) into another round of heated litigation, with its attendant public feeding frenzy."

I was so afraid of the deposition being unsealed that I felt forced to write my memoir, "**Silenced No More, Surviving My Journey To Hell And Back**," and include most of all of the details that I disclosed in the deposition in an attempt to take control of the narrative.

Consequently, I have been massively victim shamed, which has taken an enormous toll on me emotionally.

I also feel that Boies Schiller failed to help me when I desperately tried to give my evidence to the **FBI** and the prosecutors involved in the federal investigation against Maxwell and others in Epstein's sex trafficking conspiracy.

I had approached the **FBI** several times, asking to be interviewed and share my evidence about Jeffrey Epstein's sex trafficking scheme. Still, I never got a response and repeatedly tried to make an official complaint against them too but was ignored by the **FBI**.

I requested Sigrid to help me with this, and she responded in an email dated **February 4th, 2020**, which I can produce:

"I do not have experience with complaints to the FBI and that I was trying to get a hold of David who is in the USVI handling the hearing today. When I am able to reach him I will discuss this with him and get back to you." As far as I know, no one at the firm ever pursued my complaint against the FBI."

On **February 4, 2020**, I wrote to Sigrid, saying, "I don't feel that I am being represented equally or fairly and have never been either. I'm tired of being ignored not only by you guys but also by the FBI and Scotland Yard. I have been shown no respect, humility, kindness or compassion by anyone."

In my view, this is a direct **obstruction of justice** at its finest in an ongoing federal investigation not only by Boies and Co but also by the federal prosecutors in the FBI carrying out the investigation. My evidence includes photographic evidence of Epstein, Maxwell, Jean Luc Brunel, [REDACTED], [REDACTED], other rape victims, including [REDACTED], who had also come forward at that point, the date Sergey Brin (another long-term friend of Epstein's and the Clintons) and [REDACTED] who visited the island and Cathy Alexander, the house manager on the island (she is in the background in a photo).

I also have multiple email evidence against [REDACTED] and [REDACTED]. Flight logs which show [REDACTED] was on with us on at least one occasion, email correspondence between myself and my recruited [REDACTED] and a first-hand witness Igor. He cooperated with Brad, as mentioned before, who confirmed I tried to swim off the island due to being in extreme distress.

I would like to clarify that I called the Metropolitan Police, not Scotland Yard, on the **30th of January 2020** to try and report the sex trafficking ring and the perpetrators who enabled my rape and others. I have the recording upon request. As I lived in [REDACTED] was informed to go to my local [REDACTED] Police Station to report my crime of an international sex trafficking operation. The local [REDACTED] police station didn't speak English.

Because my lawyers were not helping me give my statement and evidence to the FBI, I was forced to go to a separate organisation, the Organization for Security and Co-operation in Europe (OSCE), on my own to try and give my evidence about Jeffrey Epstein and his co-conspirators. Although my case had been settled (to my detriment and to silence me...again), I still wanted to hold these people accountable.

Money was never my drive to prevent further children and women from being raped. There were no civil suits on the horizon, just a passion for helping other human beings, so they didn't suffer as I and many others had. When Brad sent me a signed copy of his book in his personal message to me, he wrote,

“██████, I remember your first call like it was yesterday. For you, it was never about the money and only doing the right thing. The world needs more like you. Your Courage will never be forgotten by me”.

On **25 February 2020**, I wrote to the OSCE: “I will fight this battle with everything I have to give, and I'm not giving up hope. So yes, please pass on my information to the right people. Not only for me but for every rape victim that has been abused previously, for every current rape victim and future.”

A representative at OSCE said she had passed on my evidence to the US Department of Homeland Security, but I never heard back from them.

On the **9th March 2020**, the representative wrote to me,

“Dear ██████,
I hope this finds you well, and Peter is getting better. I want to inform you that we passed your evidence to a US Homeland Security chargé.
Best wishes,
Lilia”

I expressed my concern in an email to another attorney, Brad Edwards. I wrote on **March 23, 2020**:

“I no longer want to be represented by Boies Schiller. I understand this is complex, but I don't feel they have worked in my interest or the other victims.”

On **April 6, 2020**, I expressed my sense of betrayal to Stan Pottinger directly in an email. He did not respond.

On the 28th of July 2020, I was utterly shocked and retraumatized when the Daily Mail found the woman ██████ ██████ living in LA. She is the one responsible for coercing and profiting handsomely from befriending me in a nightclub and luring me into Jeffrey Epstein's sex trafficking ring, which resulted in me being repeatedly raped. It was a shock to see her, but Boies and Co told me they could not locate her during my own litigation, which is why she was never subpoenaed and deposed.

The article is titled “**Elusive Epstein sex ring 'recruiter' who 'lured young women to financier's Paedophile Island' is spotted starting her 'new life in Los Angeles as friends insist 'she was a victim too.'**”

On Jul 29, 2020, at 7:02 AM I wrote to Brad Edwards regarding the article.

“Omg!

What a liar, she knew exactly what would happen to me after meeting JE.

Epstein's sex ring 'recruiter' is spotted hiding away in Los Angeles”

On Wed, Jul 29, 2020, at 13:15, Brad Edwards <[REDACTED]> wrote,

“Let’s talk tomorrow. As with all things in this case, nothing is simple. The fact that [REDACTED] is cooperating could actually be really good for your claim so let’s think this through before reacting.

I thought I told you to stop reading this smut! Kidding. I knew you couldn’t stop altogether. But it really rarely helps. Either way, hang tight. We will talk tomorrow. I’ll send you an email when I get in with the call in number.”

[REDACTED] [REDACTED], who was on the island with me on more than one occasion, was there to pacify me and others between rapes, as were others when [REDACTED] wasn’t around. [REDACTED] [REDACTED] is a long-time employee of Jeffrey Epstein, profiting greatly from this sex trafficking conspiracy.

[REDACTED] [REDACTED] went on to marry [REDACTED] reportedly from Belarus, in **October 2013**, according to Daniel Bates for the Daily Mail.

3rd of March 2020 – Daily Mail

“This is the dentist girlfriend of Jeffrey Epstein who he phoned from prison just before he hanged himself – but gave no hint he was so despondent he was about to commit suicide”

They reportedly got divorced in **July 2019** after Jeffrey Epstein was arrested.

Karyna Shuliak, is reportedly the last person to speak to Epstein before his death when he rang her on **10th August 2019**.

I would like to point out that Boies joined Theodore Olsen (the attorney who represented Bush against Al Gore in 2001, Boies being the attorney) in the fight for same-sex marriage (which I fully support) in the state of California.

The case Perry V Brown began in 2009. It was argued in the Supreme Court on **26th March 2013** and decided on **26th June 2013**.

█████ and █████ were subsequently married in **October 2013**. Was this in the State of California? I presume we will find out in due course.

I hope for Boies's sake they were not married in the state of California because once again, everything he does and touches always leads back to aiding and abetting a sex trafficking scheme which was used to grant visas to Epstein and Co's victims, which has been widely reported as another way to get Epstein victims visas to enter the US.

I'm also confused about how Brad Edwards could also be █████ █████ attorney. I mentioned her repeatedly during my litigation and in my deposition for █████. Why was she not subpoenaed in my own litigation? I would also like to make clear that in my own litigation on **20th December 2018**, on the docket, it says my case was dismissed voluntarily without prejudice against █████ █████, and she did not respond to the lawsuit.

They said they couldn't find her. Daily Mail found it very easy. Again, a little black cube action on her would have worked in a rape victim's favour, No? But it's ok to behave like that when trying to intimidate and silence witnesses and the New York Times journalists in another former client's case, serial rapist Harvey Weinstein but not for justice for another?

Of course, they could have found her █████ and did so only after my case was unlawfully settled, just like they could have found █████, Igor, █████ █████ etc. Igor and █████ had already corroborated my story right from the beginning in **January 2017**.

I understand that if they had all been subpoenaed and ignored the subpoena, they would have all been found guilty of **contempt of court**, which is a criminal offence punishable by prison. None of the named persons was deposed in my own litigation. Nor am I aware that any other depositions were taken, for example, Epstein's, Maxwell █████ █████ and █████ █████, and █████ █████

Therefore, I accuse Boies and Co of **aiding and abetting** Epstein and co's sex trafficking conspiracy where I and hundreds if not thousands of children and young

women were repeatedly raped. How many others were raped after I came forward in **October 2016** to get justice for what these people did?? I'm aware that Epstein was arrested after returning from Paris. I would like to point out that the age of sexual consent is shockingly **15** in France. Epstein should never have been allowed to leave the United States of America after he was first convicted in **2008**.

David Boies and Stan Pottinger also asked me to put my name to an op-ed in the New York Times titled "How David Boies Saved Me." I received a call from Pottinger asking me to do this on a Saturday morning after not having heard from my lawyers for several weeks and sending distressed emails asking for any updates on my case.

Then, I finally received contact from my lawyers in the form of a call from Pottinger asking me to agree to put my name on the Op-Ed. I felt Boies and Pottinger wanted me to do it, so I agreed. I firmly believe this went against my interests and that Boies used me to rehabilitate his reputation. I feel that this is highly inappropriate. I had repeatedly begged the lawyers to do a media campaign to expose Epstein and co and wanted to encourage more victims to come forward. I was repeatedly ignored.

On **29 August 2017** I had an update from Brad regarding my own litigation,

"Epstein's attorneys have been successful in delaying things further. We will be in touch and let you know how long the case gets delayed. It is somewhat complicated so let me give you the simple version. Epstein's lawyer argued to the court that they want to include some information (particularly the Callahan emails and portions of your deposition) in their Motion to Dismiss; however, those emails and that testimony were collected under a protective order in the Maxwell/[REDACTED] case, which currently prevents the use of those materials. You Judge told them to request relief from the protective Order from the Judge in the other case and if he grants that relief then they can use those materials. At this point, the other Judge has not ruled on whether those materials can be used, so we are in a holding pattern and there is currently nothing we can do to speed up the process. We will of course let you know as soon as we hear anything. Ask any questions you may have, and we will try to answer but just don't know much more and can't currently do anything more.

I hope all is well. Talk to you soon."

On **October 17, 2017**, I wrote to Brad as I hadn't heard any updates in my case for sometime.

"Good Morning Brad,

I hope you are well?

We havent spoken for awhile so I thought I would just check on how everything is going?

Kind Regards

██████”

On **17 October 2017** Brad responded,

“We are still tied up in hearings related to Epstein trying to obtain and use your Callahan emails for the purpose of having your case dismissed. We are fighting those attempts but Epstein is putting many eggs in that basket so they are fighting to use them. It seems like the Court is going to be willing to let Epstein use them, although that does not necessarily mean the Court will be willing to dismiss your case. Once the Court makes any meaningful rulings on the issue, we will let you know. How have you been?”

On **17th October 2017**, I responded,

“Thanks for the update. I am good actually. I feel like I have come along way emotionally and mentally through this period. Despite what happens, I will never regret coming forward as it made me deal with issues that I had kept hidden which made me a very angry person for a very long time.

This Weinstein bussiness has brought a bit of upset back because its along the similar lines as myself however feel Epstein is worse.

If the trial doesnt happen, I do feel positive now that the media will definitely be interested in all my photos, emails everything and my story.

The nice thing is that there is zero motive for money on my part because ill just hand everything over and not ask for a single cent in return. I want to humiliate him like he did me and the recent media coverage has given me hope.

I still stand by those email I sent to Callahan and by no means should that stop this going to trial. I really hope the judge uses his brains but time will tell. It will not look good for him if he dismisses this case.

Thanks Brad for everything and your in my prayers everyday.”

On **17 October 2017**, I send a follow-up email to Brad,

“Is there no way we can use this Wienstien media coverage to our advantage?

Can we not leak about Jeffery and Ghilslain? Has G been found yet? Maybe this will up our game, get more girls ro come forward and put preasure on the judge?”

On **17 October 2017**, Brad responded,

“We found and served G last week. So she is in. Did you ever meet Weinstein? Do you know anything about a relationship between Weinstein and Epstein? If so, how do we prove it? “

On **Oct 17, 2017**, I responded to Brad,

“Well done for finding that horrid woman. I would have paid good money to see her face when served. Good job :)

Can we perhaps have a quick chat instead. Just 5 mins to explain where i am going with this. At least its something we should consider.

Please let me know when is a good time to chat? “

On **17 October 2017**, Brad sends a follow-up email,

“Did you ever meet Weinstein? Just curious. I have a reason for asking.”

On **17 October 2017**, I responded,

No i havent ever met him but i suspect they were friends. Too many similarities including their involvement with the Clinton Fountain.

However if I come forward with my story re Epstein any involvement that those two have had together would for sure come out. 100%.

I would like to go to the media. I think the time is right now. Can we chat?

On **17 October 2017**, Brad responded,

“I will be with Stan today. He is flying down from New York. Let me talk with him and then I will circle back with you.”

On **17th October 2017**, I responded to Brad

“Thanks

Basically the question is :

With the momentum of the Weinstein issues creating a catalyst for girls to come forward . Should we/I/someone make a call via the media/social media for girls ‘abused’ by Epstein et al to come forward?

Let’s discuss an appropriate plan going forward please !!

S”

On **17th October 2017**, Brad responded,

“I understand. There is a Weinstein/epstein connection though that we are looking into presently.”

On 20th **October 2017**, I wrote to Brad,

“Hi Brad,

How is everything going? Please let me know when your ready to chat.

Kind Regrads

██████”

On **2nd November 2017**, I wrote to Brad again,

“Hi Brad,

I hope you are well?

Please can we arrange a time to talk?

Kind Regards

██████“

On the **7th of November 2017**, I wrote to Brad again,

“Hi Brad

I havent heard back from you for weeks now. Has something happened, are ypu ok?

I dont know what else to think really?

Please can you get in touch with me. Im loosing my mind waiting to have some for of communication??”

On **7th November 2017**, after multiple emails to Brad, I finally got a response,

“I’m sorry. We have a hearing related to your case tomorrow which I will report back to you on. I’m in NY with Stan right now as a mater of fact. Another hearing in your case next week regarding Maxwell. We are still wrestling with them on the email issue and whether confidentiality will be a part of your case.

I’ll set up a call with you as soon as I get a chance.

I have to fly out to Chicago today for hearings there then my own depo in FL. So this week is extra busy.”

The Op-Ed was published on the **15th of November 2017** in the New York times.

On **22 November 2017**, **7 days** after the Op-Ed was published, the radio silence began again, and I emailed Brad for an update on my own litigation.

“Morning Brad,

Hope you are well?

Just wondering how everything is going that side? Do we know if this is going to trial yet?

Any features ruffled with the letter that was published re David Boies?

Kind Regards

██████”

On **24th November 2017, 9 days** after the Op-Ed was published, I write to Brad again for an update on my own case,

“Hi Brad

Has everything gone well with those hearings?

Thanks

██████”

This op-ed was the first time I publicly outed myself as a victim of Jeffrey Epstein’s sex trafficking operation. Before this, my civil case was filed under “Jane Doe 43”. My lawyers should not have pressured me to go public for the benefit of another attorney.

I also would **NOT IN A MILLION YEARS** have put my name to the Op-Ed if I knew Boies was photographed having dinner with Harvey Weinstein and his wife, Bill and Hilary Clinton, on **13th December 2016**. I was tricked and wholly used by Boies Shiller, Brad and Stan.

An article in The American Lawyer dated January 8, 2018, reads: “After first outing herself to defend David Boies in a letter to The New York Times, ██████ ██████ is giving up the pseudonym “Jane Doe 43” in a sex trafficking lawsuit against billionaire Jeffrey Epstein.”

I would also like to point out that I again used David Boies and Co after the Op-Ed was published.

On **25TH November 2017**, again on a **Saturday**, Stan asked to use my Affidavit in a bar proceeding which had nothing to do with my **own litigation**. How could I not give permission when there were no updates on my litigating? I was desperate and they knew it.

“Hi, ██████:

There is another possible use of your short affidavit, that is, in addition to the filing of it in the federal district court case against Epstein, and in addition to filing of it in the Florida Bar proceeding.

It is possible that we will want to show your affidavit to a reporter for the Washington Post who is writing about Dershowitz. I assume that your telephone permission for us as your attorneys to file or use your affidavit as we deem useful remains agreeable, but I'd appreciate your confirming that in a reply to this email.

If the affidavit is used and gets attention in the Washington Post, or elsewhere, we will, of course, let you know.

Hope all is well and you are enjoying the start of the holiday season.

Sending best,

Stan”

On **25th November 2017**, I responded to Stan's request,

“Stan
All agreed
S”

On **25th November 2017**, Stan sends another email,

“Hi, [REDACTED]:

We talked earlier about David Boies' filing one of your two affidavits--the "second," shorter version you signed at the U.S. embassy--that is, the affidavit with the less specific description of your encounter with Dershowitz--and you were fine with that. (Actually, as I recall, you said Boies Schiller had permission to file either affidavit.)

I'm sending this email to confirm your permission to file the affidavit.

To refresh your recollection, this affidavit has been filed in your case against Epstein, and we suspect that Dershowitz has seen it, courtesy of Epstein. The forum in the present case is different: instead of filing it in a federal court case, it will be filed in a proceeding before the Florida State Bar. That proceeding is confidential, so the affidavit itself should remain confidential.

Hope all is well. Drop a line confirming, if you would.

Sending best,

Stan”

On **25th November 2017**, I again responded to Stans's request,

“Hi Stan
Yes as previously stated please proceed to file the affidavit
S”

On **25th November 2017**, Stan wrote again,

“**██████**:
I sent you an email seeking your express written permission to use one or both of your affidavits (signed at the U.S. embassy) in connection with a Florida Bar proceeding. There is a near-identical proceeding before the District of Columbia bar as well. If you grant permission to use your affidavits in the Florida bar proceeding, would you be kind enough to reply to this email granting use of the affidavits in the D.C. bar proceeding as well?
Many thanks.
Stan”

On **25th November 2017**, I once again responded,

“Stan
Yes agreed
S”

I have no idea what this bar proceeding was about but again couldn't decline even if I wanted to!

I would like to point out that the New York Bar Association's Rules of Professional Conduct state that

“loyalty and independent judgement are essential aspects of a lawyer's relationship with a client”

“The professional judgement of a lawyer should be exercised, within the bounds of the law, solely for the benefit of the client and free from compromising influences and loyalties”.

By Boies and Co pressuring me to do the deposition for **██████**, Op-Ed and get involved in another bar proceeding that had nothing to do with me and my case is a direct violation of this rule. They put their own interests above me, the client, and they violated their duty of loyalty to me.

I have also been told by Lisa **██████**, a documentary producer at Netflix, that representatives of Boies Schiller told her not to interview me for a documentary, despite me wanting to do the interview and tell my story despite me still being a client of theirs. This is a direct violation of the duty of loyalty to their client, me.

Lisa said that someone from Boies Schiller informed her that I was “a drunk” who was not credible and should not be interviewed. I have heard that this was also said to other journalists whom I cannot name.

I would like to clarify this and have the witnesses back me up; **I DID NOT TOUCH ONE DROP OF ALCOHOL FOR THREE AND A HALF YEARS UNTIL I MET THAT HORRIBLE BUNCH OF HUMANS!!! FACT!!**

I did not drink when Brad and Stan came to Barcelona **in January 2017**, nor did I drink when I was in New York for the I did deposition for [REDACTED]. They knew I was a recovering alcoholic. Due to their incessant **GASLIGHTING, GHOSTING AND USING ME TIME AND TIME AGAIN FOR THEIR OWN PURPOSES**, I WAS IN HIDING IN FEAR OF MY LIFE FOR TWO YEARS; what did they expect? Strategic, I think so.

Again, I would like to remind you that the New York Bar Association’s Rules of Professional Conduct state that **“loyalty and independent judgement are essential aspects of a lawyer’s relationship with a client”**

“The professional judgement of a lawyer should be exercised, within the bounds of the law, solely for the benefit of the client and free from compromising influences and loyalties”.

It is a massive betrayal for a lawyer to speak this way about their client and attempt to smear the reputation of someone they should be protecting and fighting for. I also heard directly from **Vicky Ward** that Vanity Fair journalist herself that David had told her a lot about me when she approached me at Ghislaine Maxwell’s trial in **December 2021**. I was in tears and very upset after that encounter which every journalist, including Bob, my lawyer in the overflow room, could confirm.

Linked to this, I feel that Boies Schiller was generally trying to discourage me from publicly telling my story. Stan Pottinger wrote to me on **9 November 2018**, when he knew I was recovering from a very serious suicide attempt linked to the re-traumatisation of my civil case:

“Just a note here to let you know that we have entered a sensitive period when none of us—and least of all you, our star plaintiff—can speak to the press about anything. If you get an inquiry from anyone, simply tell them to call me or Sigrid, but do NOT give them anything further. They may ask for innocuous things—Like, Are you okay? Are you the person who filed the suit against Epstein? Did you recently go to a hospital?—all things that have simple and straightforward answers but cannot be answered by you. **DON’T GIVE THEM ANYTHING**, literally.”

Was this to benefit me and my litigating?? **I think not**. The New York Intelligencer, on **30th September 2018**, published the article, **“The Bad, Good Lawyer –**

Was David Boies just doing right by Harvey Weinstein? Or did he cross an ethical line?”.

I didn't see the article as I had my suicide attempt on **5th October 2018** and remained in hospital for three weeks and didn't have access to any communication, so I wouldn't have seen the article and was in no fit state to talk to anyone, never mind a journalist.

Living in Spain was also tricky following US-related articles as there are restrictions to information on US-related matters within the media. Boies and Co knew my feelings about Weinstein and the Clintons due to their involvement with Epstein and Co. They also knew I would have gone entirely berserk big time if I had found out about the article then, never mind now. This was said to prevent me from finding out about the article!

Next, I accuse Boies and Co of **perverting the course of justice** in my own litigation. Not only was I told by my attorneys under no circumstances to go to the **FBI** because all my evidence would disappear” when I first came forward, but Boies Schiller and Co, **DID NOT** correctly represent my interests during **almost two years** of litigation of my civil case against Epstein, Maxwell, [REDACTED], [REDACTED] and [REDACTED] and worked completely against my interests. As far as I know, they did not take a single deposition in my case. They did not even take a deposition from me, despite my testimony in [REDACTED] case.

I'm also aware that no depositions have been recorded on my case docket, case **number 1:17-cv-00616-JG**. Perhaps because none were taken, which I'm sure Boies and Co will clarify.

This is highly unusual, considering [REDACTED] docket is full of recorded depositions which took place in all her civil suits whilst being represented by Boies and Co.

After two years of litigation, I was told by Stan Pottinger that I should settle early to keep legal costs low.

In an email dated **27 November 2018**, which I can produce, Pottinger advised me:

“We are just on the verge of racking up larger costs as the case comes closer to trial, and there will be more depositions, more travel, the retention of expert witnesses, and the like. But right now, neither side has accumulated big costs. Which suggests this is a time to settle if settlement is a possibility.”

The case was then settled in **mid-December 2018**. I 100% regret accepting the settlement offer, and I feel that I was pressured to accept the settlement like I was pressured to do everything else for Boies and Co, which I did not understand at the time but, make no mistake understand now. Growing older and wiser has its benefits. Once again, I was tricked and deceived. From what I understand, my trial was due to begin in **March 2019**.

I was in **NO** fit state to make significant life decisions when Boies Schiller brought me the settlement offer and pressured me to accept it. I was recovering from a severe suicide attempt when Boies Schiller came to me with the proposal. I was heavily medicated and in a wheelchair with two broken feet and a fractured back after jumping off my balcony. Boies Schiller's lawyers, and Stan Pottinger, were aware of my condition, which I can prove by producing emails from them discussing my injuries. I do not think I should have been advised to accept the settlement in such a vulnerable and highly medicated state. I have no memory of signing the settlement agreement.

Two days before my suicide attempt, Sigrid contacts me asking about [REDACTED] [REDACTED], who is now Edwards and Pottinger's client.

On **03 October 2018** Sigrid writes to me,

“Hi [REDACTED] – we were reviewing the flight logs in preparation for upcoming depositions and we see that the log reflects you flew with [REDACTED] [REDACTED]. Do you recognize her from the photo below? She was photographed coming out of Epstein’s New York apartment.”

This Article is from the Daily Mail, published **January 18, 2016**. [REDACTED] [REDACTED] (it is reported she is a chef) is on the flight logs a few times, including on flight # 1919 with [REDACTED] [REDACTED].

On the **4th of October 2018**, one day before my suicide attempt, I respond to Sigrid,

“Yes of course.....thats [REDACTED].

[REDACTED], [REDACTED] and I were all very friendly in the beginning of me being introduced to Jeffery.

We all traveled regularly together and when we were not with Jeffery, in his mansion the three of us hung out in NY, especially at that club Quo and sometimes met for coffee. She too, was also very good friends of [REDACTED] [REDACTED]. At that point, I felt like I had found my tribe and very blessed to have found some “good friends”.

However when Jeffery and Ghislian picked up that, [REDACTED], [REDACTED] and I had got too friendly and started sharing secrets and a forming a, "sort of bond", we were seperated and I never saw them again. After a point they made little effort to contact me, which I thought was strange.

I now know that the friendship that I thought I had with [REDACTED] and [REDACTED] was fake and based on lies and deceit to recruit me for Jeffery. I also later found out that [REDACTED] had been paid for introducing me to Jeffery.

I seemed to get on very well with [REDACTED], same as [REDACTED] (they both also regularly showed me how Jeffery liked to be massaged) but knew her only as [REDACTED] and surnames were never allowed to be disclosed.

She was one of [REDACTED] "best friends", whom was also progressing with her life and career through the aid and help of Jeffery. In the beginning, they made everything seem legit, almost like my dream had come true as theirs had through meeting Jeffery. That everything was above board and that Jeffery was some amazing philanthropist. They made me feel like he was my saviour as he was theirs too

She soothed and comforted me in the 'early days' when we were together especially on the Island, because after every time I was abused by Jeffery, I was extremely upset, and over whelmed with emotions and physically sore. She was one of the girls whom I thought was my friend and trusted.

[REDACTED] and [REDACTED] normalised and glamourized what was going on and something we had to do otherwise we would be thrown off the Island if we didn't participate. I knew in my heart they were wrong but didn't know they were both wolves in sheeps clothing, with one agenda.

She too, was called to give Jeffery massages daily, however was somehow emotionally close to him and diligently did everything he asked of her. She and [REDACTED] said this sexual behaviour was normal it was by no means "normal" the things I and we had done to us.

I trusted her and she betrayed me, like [REDACTED].

Do we know any of the deposition dates yet? Also have you heard any news on that special date of release?

Kind Regards

[REDACTED]"

On the **8th of October 2018**, Peter, my ex-partner, wrote to Sigrid,

"Hi Sigrid

It's Peter, [REDACTED] has had a serious accident and broken both of her feet and is having an MRI scan this afternoon to determine the condition of her vertebra. It appears the spinal cord is ok

She has her phone with her and I am with her also . We are both on whatsapp app too

Peter"

On the **8th of October 2018**, Sigrid responded to Peter,

"I am just getting out of my hearing now. I know it is late there – how is [REDACTED] doing? I am so sorry this happened to her. Are the doctors taking good care of her? I can't believe she broke both of her feet that is horrible!

Please let me know the info on the hospital so I can send something to her. I am so sorry she is suffering.

All my best

Sigrid”

On the **9th of October 2018**, Peter responded to Sigrid,

“Hello Sigrid

I think it's best we talk today with [REDACTED] so you understand the real story and implications for the trial

She has seen the psychiatrist this morning which I initiated

I think if I put you in direct contact with him and you liase with Stefan too

Anyway let's discuss

Regards

Peter”

On the **10th of October 2018**, Peter wrote an update to Sigrid and Stan,

“Hello

To keep you up to date :

S will have an MRI scan on her back today she will then have a brace fitted,subject to scan results.

I insisted a psychiatrist visit with her today and as a result [REDACTED]

[REDACTED] following scan results.

This is great news for her as she will atleast, be correctly diagnosed and given the best treatment so she move forward with her life. The [REDACTED] has been briefed and I can give you contact details at the appropriate time.

Presently I have been told she will not be able to travel until January,earliest, but still have to wait scan results

Please contact me for anything you need and you have S contact details also

She is being well loved and cared for .

Peter

things positive to”

On the **12th of October 2018**, Peter gives Sigrid an update,

“Hello

Good news [REDACTED] can shows fracture of lower vertebrae no surgery required

She will have a plaster cast for 2 months on her waist then a more flexible one for a few months

Her feet casts will be on for 3 months then she will need rehabilitation to walk correctly For a few months

Next Wednesday [REDACTED]

She/we is very pleased with the outcome that could have been so much worse!

As usual I am available and S is on direct

Regards
Peter”

On **12th October 2018**, Sigrid responded to Peter’s email,

“Thank you for the update and the positive news.”

On **12th October 2018**, Peter updated Sigrid,

“Hello

Good news [REDACTED] shows fracture of lower vertebrae no surgery required
She will have a plaster cast for 2 months on her waist then a more flexible one for a few months

Her feet casts will be on for 3 months then she will need rehabilitation to walk correctly. For a few months

[REDACTED]

As usual I am available and S is on direct

Regards
Peter “

On **17th October 2018**, Peter updated Sigrid,

“Hi Sigrid

I will inform [REDACTED]

[REDACTED] he is not allowed to have a phone but I visit each day 4 to 8 Barca time, and she is available on my phone number. I will let you know when she is due to leave and there are clear timeframes to work with.

I’ll let you know when your gift basket arrives

Best wishes

Peter”

On the **29th of October 2018**, I wrote to Stan, Sigrid and Brad about my medication,

“Hi Stan,

As requested per our last conversation , here is a list of the medication I was on before the suicide attempt:

[REDACTED]

I have been prescribed the following medication to treat the:

[REDACTED]

[REDACTED]

This is what I have been diagnosed with during my recent excursion.

I am now on the following medication:

[REDACTED]

I have attached the hospital records marked A & B.

[REDACTED]

Kindest Regards

[REDACTED]

On **29th October 2018**, Stan responded,

“Thanks for the info, [REDACTED]. This is all we need on this. Hope all is going well. I don’t know these particular drugs, but I can see that the ones you are taking now are totally different from the ones you were taking before. Best wishes for a speedy foot recovery. You have my sympathies. S”

What I also find peculiar is that I was asked by Sigrid to hand over all my email passwords so that Boies Shiller could access all my emails and view all my private correspondence. I didn’t question it then, but I don’t think this is standard procedure. To this day, I have no idea how long they have been monitoring my email accounts.

I haven’t gone through my correspondence emails with Boies and Co for years until now. I feel this was a complete invasion of my privacy. I also wouldn’t have questioned it because [REDACTED]. Even if I had questioned it, I again would have had no option but to hand over my private email accounts, which had nothing to do with my own litigation case. Please note that I have not included, for obvious reasons, my email account details in the correspondence.

On the **29th October 2018**, I wrote to Sigrid,

“Hi Sigrid,

I hope you had a good weekend?

I'm going back to the trumatology unit at the hospital on the 31st October to get some x-rays on my feet and to change my bandages. The doctors will then be able to give me a definite timeline on travel.

I am guessing that I won't be able to travel until Feb '19 for my deposition due to me currently being completely wheelchair bound and will then need physiotherapy to walk again. This is a month before the trial. Is this ok and will this delay the trial date? I will confirm this after my appointment. Please can you let me know as I don't want anything to delay the 15th March '19.

Also please can I request the deposition to be held in Miami at your offices. I find travelling to New York quite stressful as I have massive flashbacks and find the whole thing extremely unpleasant and feel it would be good to do the depositions on your turf. Please can you confirm this. Due to the accident, I am unable to travel on my own due to me needing assistance, so Peter will have to travel with me. Please confirm that this is ok?

As per our conversation last week, please find below the links and email username and passwords for the email accounts that I have used throughout the years:

There is also correpondance saved on the lap top that I handed in the beginning. I think the London Office collected it.

I'm really not sure how I feel about what the defence side are asking of me. Surely my emails to certain people are private and have nothing to do with the case and my correspondence to my family and Peter will remain Private?”

On **29th October 2018** Sigrid responded,

“Thanks [REDACTED] – sorry for the delay I am having a crazy day.

We are going to object to the discovery that gets into the personal issues and we will ultimately have to fight that out before the Judge. The defendants will argue it is relevant because for example, you discussed in your depo in the Maxwell case how Epstein/Maxwell spoke to your parents while you were in South Africa and assured them everything was fine etc. We will do our very best to limit what they get.

Don't stress about the depo timing yet. David did alert them that you had an injury and might have difficulty traveling so we will figure it out. Discovery closes on January 25th– meaning all depositions have to be complete by that date to keep the

March 15th trial date. Again –please don't worry about that right now – just focus on your healing. We will figure everything else out on our end.

I was working this weekend on the deposition outline for Maxwell's deposition which is coming up on November 8th in NY. Sandy was able to dig up a lot of old public information putting Maxwell in NY city during the same time you were there in the statute of limitations period of February 2007 – May 2007 – so Maxwell can't claim she was not there because we have pictures!

All my best and please just focus on getting healthy. We will work on the rest.”

Why on earth, after almost two years of litigation, was everything left to that last minute? They had ample time to make discoveries!! Again, as per my case docket, no depositions were done. Why? Again, I had enough evidence to prosecute the whole lot of them! All I wanted was justice for myself and to stop more rapes from happening. After my death threat, I even told Sigrid I would crawl to Miami if I had to do my deposition to make the discovery in time for my own trial on the **15th of March 2019**.

On the **30th of October 2018**, I told Sigrid about my death threat. Again, I had just been released from the hospital after my suicide attempt,

“Hi Sigrid,

Please can I call you later.

My circumstances have changed due to me receiving a death threat glued on my front door. Also I have had both car tyres slashed and electricity wires cut. The police are involved and I'm terrified. So upset, the letter said we and the dog will be murdered in one week.

We are looking at new properties next week.

Regarding deposition, even if I have to crawl to Miami to do my deposition I will do so before the 25th January '19. Please, I beg of you, this trial cannot be delayed anymore. It has to stay the 15th March.”

Regarding Igor's deposition in my litigation, why was his deposition never done? When I questioned what was happening with Igor, Epstein's long-term bodyguard, who in **January 2017** confirmed in person to Brad that I tried to swim off the island in distress deposition, Sigrid responded,

On the **14th of November 2018**, Sigrid said concerning Igor's deposition,

“Hi [REDACTED] – it was a bit of a fiasco – Brad went clear up to Palm Beach and then Igor was sick so they had to reschedule for this Tuesday. Brad was obviously really upset

because it took time to prepare and he wasted time on the drive both ways but at least all parties agreed (including Igor) to have the depo take place this Tuesday.

Do you want to speak briefly now – or connect tomorrow morning?”

I was forced to move house on the **24th of November 2018** whilst in a wheelchair with two broken feet, nails in my feet and a fractured back due to a death threat pinned on my front door, cut electricity cable and slashed tyres in the home where we had been in hiding for two years. I notified Sigrid immediately about what had happened and lodged a police complaint on the **31st of October 2018**. I have the police complaint form, which will be included in my evidence against Boies and Co.

Boies and Co knew I was in no fit state to do anything, let alone make a serious decision, but they knew I would have crawled, if need be, to get justice for what happened to me and others.

For example, please see the below correspondence:

On the **19th of November 2018**, I wrote to Sigrid and Brad,

“Hi Sigrid, I was at the hospital today getting my bandages changed as I snapped my cast on one of my feet. All good now and whilst I was there asked them about the doctors note. I have an appointment at 12pm tomorrow with the doctor to get the note confirming my foot issues and travel dates. Unfortunately it will be in Spanish but you’ll have that by tomorrow. You also have the Traumatology and [REDACTED] records which shows my injuries. My personal preference is to do the deposition early-mid January as I am still in pain, healing and find it very difficult moving about in a wheel chair and including incredibly tiring, never mind doing a deposition on top of that. The doctor will confirm that I am wheelchair bound in his note. I also also starting to move house in the next week, which I have no idea how I will manage but at this moment in time I don’t think I will be able to handle doing the deposition before Christmas. There is time in January? Please please can you do your best to delay my deposition until I am well and able.”

On **19th November 2018**, Sigrid wrote,

“Thanks for the update [REDACTED] and I am so sorry to hear about the cast. In addition to the travel could you see if the doctor could add into the note that the injuries are very painful and you will not be in a position to do anything that involves work, including sitting through a deposition? (Or maybe someone else on the team has better language to propose). It is fine if it is in Spanish – we can get it translated.”

Sigrid later that day wrote,

“Hello [REDACTED] – We informed Epstein/Maxwell’s counsel that you are not able to travel next week to NY due to your injury. As expected, they are requesting a doctor’s note. Are you able to get a simple note from the doctor that is dealing with your foot issues that says you broke both of your feet and are not able to travel until Mid January? Please don’t have them put a lot of detail in it – just a simple note from the doctor or hospital. As you cannot travel, we offered that they could take the

deposition in Spain as an alternative. We are waiting to hear back from them on those possible arrangements. Thank you and hope you are doing great,”

On **20th November 2018**, Sigrid asked,

“[REDACTED] -could you ask your doctor to please include a statement that the issues with your broken feet cause you significant pain and make tasks requiring concentration, like a deposition, very difficult and they should be avoided until you have been cleared by the doctor which will likely be in mid January Thank you.”

On **18TH December 2018**, Sigrid wrote to me regarding my settlement offer, “Hello [REDACTED] – as we have been discussing over the past few days, attached is the final settlement agreement for review and execution by you. While I know I went over the terms with you on the phone, please take a moment to review the document. We need to have your signature “notarized”. I have a morning appointment out of the office so I will not be in the office until 11:00 a.m. EST. Unless Brad is able to arrange something with you for earlier in the morning -- my plan will be to call you at 11:00 a.m. on What’s Ap Face Time and have the notary with me and she will watch you execute the document. Then I will need you to scan the signature page back to me so I can serve it on the other side. So happy we are able to bring this to a conclusion for you.”

I never had the chance to do my deposition in my own case because of my severe injuries, so how can I then be encouraged to sign a settlement agreement before I was cleared by the doctor, as per Sigrid’s communication? My mother, father and [REDACTED] were also threatened to be deposed. They knew that my [REDACTED] couldn’t be deposed, and they knew under no circumstances did I want my family involved. This was made clear in [REDACTED] deposition that I would do anything and everything to protect them.

I felt utterly trapped, and they did nothing to support or protect my family or me. The news of my loved ones being deposed was given to me after [REDACTED] I wouldn’t have been allowed to talk to them if they were deposed, precisely when I needed them the most after trying to end my life.

I tried to commit suicide on **5th October 2018** because of how Boies Schiller, Brad and Stan Pottinger treated me and because I was also in hiding due to fear of being harmed. I knew Jeffrey was after me; the lawyers did nothing to protect me.

What I’ve now come to realise is that the whole time I was being represented by Boies Shiller and Co I was constantly **gaslighted** and **ghosted** with my own litigation, but when they wanted something from me always seemed to find a way to contact me, even on a Saturdays.

Right from the start, I knew I wouldn’t be represented fairly when I wrote to Stan after I did that [REDACTED] deposition. This toxic relationship has continued since then.

Gaslighting is a severe form of psychological abuse which continued for years. I guess from the very first call in **October 2016**.

Gaslighting is a form of manipulation in an abusive relationship where the bully or abuser misleads the target, creating a false narrative and making them question their own judgments and reality. Ultimately the victim of gaslighting starts to feel unsure about their own perceptions of the world and even wonder if they are losing their sanity.

Gaslighting is usually carried out by the abuser over an extended period which makes the victim question the validity of their own thoughts, perception of reality, or memories and typically leads to confusion, loss of confidence and self-esteem, the uncertainty of one's emotional or mental stability and a dependency on the perpetrator.

Boies Schiller, Stan and Brad were incredibly uncommunicative during my case and would ghost me for weeks at a time, despite my desperate attempts to get updates from them. They knew, from many emails that I can produce, that I was incredibly distressed by their lack of contact, but they continued to ignore me.

They also knew I was generally in a highly vulnerable and traumatised state and continued to ignore me, which added to my distress. I would like to remind you that this is a sex trafficking case in which I and others were raped repeatedly. Going on to psychologically abuse and use rape victims for their own benefit is criminal and unforgivable.

My then-partner, [REDACTED] also wrote to Sigrid on **July 16, 2019**, to express my disappointment at Boies Schiller's lack of communication. He wrote:

"I'm writing because [REDACTED] is feeling terribly left out and left behind after her years of anguish to help to be heard."

On **March 24, 2017**, I wrote in an email to my lawyers:

"Please can someone call and let me know what's going on.?
> If I'm not of value or I have done something wrong, tell me. I am a big girl.
> Please stop giving me the silent treatment as it not fair on me, and I'm very upset about it, and it's increasingly stressful my end being kept in the dark or having almost zero communication.

- > Stan, I phoned you in tears last Thursday night, and you promised to call me back the next day.
- > It not cool, especially under the circumstances, but I do understand you guys are very busy and working long hours. I don't know what to do anymore or where I'm at or anything.
- > Please call me?"

On **November 17, 2017**, I wrote to Brad Edwards in an email:

"I havent heard back from you for weeks now. Has something happened, are ypu ok? I dont know what else to think really?
Please can you get in touch with me. Im loosing my mind waiting to have some for of communication??"

I felt extremely betrayed when Brad Edwards sent me an abusive email that also attacked my credibility. In response to my asking if my deposition – which I had never wanted to give – had helped [REDACTED] case, Brad said:

"I know you want to know and understand the truth, so it is important that we provide you with the absolutely truth. Your initial testimony helped. However, when the Callahan emails were produced the other side moved to take your deposition again (a motion that was not ruled upon because the case settled) and they informed the court that you were a liar and should be stricken completely from the witness list because you could not be believed about anything. Again, we have no idea how the Court would have ruled on that issue. We understand the Callahan situation but like we told you when we received the emails, they are bad. So while your appearance as a witness initially helped, the power of your testimony was deflated greatly by he emails. We expect that those emails are going to be used in your case to discredit your testimony in the same way. Not only by the parties but by anyone else you identify... Again, Stan and I understand your explanation for what you said in the emails, but we are not the judge or jury or the defense. Those people don't know you, and the emails give them many reasons not to believe you."

In further evidence of how my lawyers disparaged me, I remember Stan saying during a phone call that I was "turning tricks", which I found extraordinarily demeaning and belittling. I recorded this in an email to him the same day, **18 September 2018**, which I can produce. In that email, I wrote to him:

"Stan, is that what you think i was doing on my trip to Miami? Turning Tricks? I You mentioned that term in our telephone call as to why i went on my trip to Miami.

"TURNING TRICKS"? Do actually know what that means, and if so, why are you representing my in a sex trafficking case if you have that opinion of me. I appreciate ypur honesty though.

I find that term not only derogatry but insulting and disrespectful to me as one of your clients.

I didn't turn tricks, i tried to survive, for your information.

Not cool.

[REDACTED]"

In addition to the above, I recently discovered that David Boies had a close personal relationship with Bill Clinton. I know this because of a recently resurfaced photo of Boies having an intimate dinner with Bill, Hillary Clinton, Harvey Weinstein, and his wife in **December 2016**. It was reportedly a consolation dinner after Hillary Clinton lost the 2016 presidential election.

I want to be very clear: I consider Bill Clinton a co-conspirator of Jeffrey Epstein's, and I would never, ever, ever have allowed Boies or his firm to represent me if I had known that he had a personal friendship with the Clintons. When Epstein was luring me into his abuse and sex trafficking scheme, he frequently bragged about his close friendship with Bill Clinton and Donald Trump. In my mind, this gave Epstein credibility and is one of the primary reasons I trusted him.

I was very explicit with Boies Schiller when I first met with them – via a conference phone call held in Boies Schiller Flexner's office in Fort Lauderdale in **October 2016**, where Sigrid, Meredith Shultz and her paralegal Sandy Perkins were present – that the reason I decided to come forward about my abuse by Epstein was that I was so traumatised by seeing Hillary Clinton running for president and knowing as I did that Bill Clinton was a co-conspirator. The lawyers knew this prompted me to come forward but did not disclose that David Boies had a close personal friendship with Bill Clinton, a vast and unforgivable conflict of interest.

What is also unforgivable is how Boies and his firm have also represented fellow Epstein and Maxwell rape survivor and close friend [REDACTED] [REDACTED]. She was trafficked in **September 2002** with the aid of Bill Clinton when he joined Epstein and Maxwell, Kevin Space and Chris Tucker in Cape Town, South Africa.

[REDACTED] was told that she would get a modelling contract through Karen Models, owned and run by Jean Luc Brunel and financed by Epstein, to work as a model for [REDACTED] [REDACTED] Victoria's Secret.

Another close friend and colleague of Epstein's. She would **NOT** have been trafficked and raped repeatedly by Epstein if Bill Clinton had not been there several times when she met Epstein. Who wouldn't feel safe with an ex-president lurking around, shaking her hand, and talking to her?

David Boies had an obligation to disclose to [REDACTED] [REDACTED] and me, as his clients, that he had a close relationship with Bill Clinton; as soon as I revealed that Clinton's media profile around the presidential election was the entire reason, I came forward to look for justice.

The article in question, which has magically reappeared out of thin air (Boies has recently annoyed Google by successfully suing them), was published on **30 September 2018**, "The Bad, Good Lawyer – Was David Boies just doing right by Harvey Weinstein? Or did he cross an ethical line? "

The answer is **YES!!!** A humongous, gigantic ethical line that has caused severe and lasting emotional trauma impacts me and others.

Upon my further investigation into Boies and his dodgy dealings, I have found the following:

- It's been reported that David Boies left his firm Cravath, Swaine & Moore due to foul play to then start his own law firm with his friend Jonathan. Thus, Boies Shiller & Flexner was born in 1997.

“In **1997**, after **30 years** and one-too many conflicts of interest, he left the firm and took with him one of its biggest clients – George Steinbrenner, the owner of the New York Yankees.”

- Following the **2000** U.S. Presidential Election, Boies represented Al Gore in Bush V Gore. I would like to point out the obvious, Al Gore, at that time, was Vice President to Bill Clinton (David Boies long-term good friend as shown in the picture of him having dinner with the Clintons in **2016**). I would be interested to find out if he also represented Bill Clinton in his impeachment after he had sexual relations with Monica Lewinsky, who was 24 at the time. Clear abuse of power, in my opinion. I'm also aware that Epstein was one of Clinton's biggest beneficiaries, as reported in ABC News on 12/06/2019 –

“Jeffrey Epstein donated to several Democrats throughout 1990's and early 2000's”. Epstein is said to have donated \$20,000 in 1999 to Senate hopeful Hilary Clinton through her joint fundraising committee with the Democratic Party”.

██████ was trafficked to Epstein from the summer of **2000 – September 2002**. She mentioned in her unsealed memoir “The Billionaire's Playboy Club”, which has been used as evidence in many cases that she saw then-presidential candidate Al Gore and President Bill Clinton on the island; please see **pages 109 and 110** in the attached memoir.

There are also numerous flight logs to confirm that Bill Clinton was a regular on Epstein's plane and to his island St Little James during this time frame. Bush V Gore was argued in the Supreme Court on 11 December 2000 and decided 12 December 2000, and David was the lawyer. David would have been well aware of his client's movements (Al Gore) and his friend bill Clinton, especially during that time with going to a well-known rapist's island.

It would be ludicrous to assume that even back then, David Boies did not know what was going on and the probability of him interacting with ██████ then is relatively high, considering they all are close friends and in the same circle. I also am confused as to how Boies Shiller could have represented ██████ in her defamation case against Ghislaine Maxwell from **September 2015 – June 2017**. She stated that she saw Epstein and Maxwell co-conspirators Bill Clinton and Al Gore on the island. So how can Boies then have an intimate dinner with the co-conspirators in **December 2016** and represent an Epstein victim simultaneously? ██████ reportedly received a handsome financial settlement.

I would also like to highlight the hypocrisy of the ferocious smear campaign against **only** Prince Andrew, Monarchy and the United Kingdom by Boies and Co, which was

and is boarder lining on extremism now I know about his friendship and ties to the Clintons, who are co-conspirators of Epstein and co. I also made this very clear to Sigrid on **22nd February 2020**.

“Hi Sigrid, I’m sorry to bother you on the weekend however I’m not happy. As a victim who was raped repeatedly, lent out etc With the evidence to prove it, I’m very concerned by Gloria Allred’s performance yesterday. I would like to ask as client if Boise Shiller is in any way shape or form affiliated with Gloria Allred, her law firm, and Lisa Bloom and her law firm? I would please, as a client, ask for complete honesty and transparency to my very entitled question. I’m not impressed at all and I’m sure every other victim except for [REDACTED] is extremely offended and starting to ask questions on the lawyers representing us and agendas. I really would like transparency so I can understand what I’m earth is going on. I didn’t come forward and neither did any other victim in my experience since 2016, come forward to be used as political pawns. I and every other victim not connected with [REDACTED] and her story are getting really frustrated and annoyed. What is going on? Must I hire a big bus driving up to the White House for all the US defendants involved?”

On **22nd February 2020**, Sigrid Responded,

“Hello [REDACTED] – If you are referring to the article that I saw yesterday with Gloria Allred hiring a bus with a sign about Prince Andrew – that was her doing exclusively. Ms. Allred has her own clients and we are not affiliated with her or her actions in that regard nor her daughter Lisa Bloom. If I am mistaken and you are referring to something else she has done please forward me whatever it is you would like me to review. feel free to call me if you want to discuss anything.”

That is a complete lie saying they are not affiliated with Bloom because on the **3rd February 2020**, The Hollywood Reporter wrote,

“Attorneys **Lisa Bloom and David Boies** are asking a California federal judge to dismiss a lawsuit from [REDACTED] that claims they and other **Harvey Weinstein** “fixers” violated racketeering laws in an effort to make sure she didn’t include her claim that the producer raped her in her memoir [REDACTED]

The actress in October sued **Weinstein, Boies and Bloom** and private intelligence agency Black Cube for allegedly engaging in a “**diabolical and illegal**” effort to **silence** her”

They did the exact same to me and others and should **NOT** be allowed near sex abuse survivors, never mind be practising lawyers. They have all viciously abused their power on rape victims who had the bravery and courage to come forward like me. This is **NOT** acceptable! They have betrayed our trust and lied to us all. Not only this, but they also actively went out of their way to damage my reputation, which they succeeded in whilst I was their client, which has caused me tremendous financial harm.

Why was there solely an extraordinary and manic media and legal interest in [REDACTED] **V Prince Andrew**? Why has the focus on [REDACTED] been to the detriment of myself and other survivors trying to bring down the known vital players involved in a

sex trafficking ring that spanned over three decades and saw hundreds if not thousands of children and young women raped to justice?

Why, from all the names mentioned in publications and legal documents, including ██████, is Prince Andrew, the only man of stature who happens to be the son of Her Royal Majesties son, our head of state, been pursued?

Why have other Senior Politicians, Heads of State, Commercial Billionaires, past presidents, ex-prime ministers, senior scientists, owners of the most significant software and search mediums on the planet etc, not been pursued, even if only to understand why they watched and said nothing?

The fact that the United Kingdom has had buses around Buckingham, billboards in the UK, and now enormous billboards in New York mocking ONY Prince Andrew for a storage company raises many questions for me and should for others too as to what was the agenda here?

One of the slogans was, “Safe, secure, protected with minimal charges. Just like Prince Andrew”. As a survivor of Epstein and co who have never had my own day in court and with enough evidence against the main co-conspirators, I find this horrific.

On the **24th of July 2022**, I was in New York for Ghislaine Maxwell’s sentencing in June, and whilst I was sitting enjoying a drink and mentally preparing to read my Victim Impact Statement to the court and to Ghislaine, I read an article that was published in the Daily Mail, “ While Ghislaine Maxwell awaits her fate, ██████ ██████ – her ex right-hand woman and third key figure in Jeffrey Epstein drama – strolls carefree in Manhattan”

I froze with fear when I read that “She and her husband live in a £4.3million penthouse in the trendy SoHo neighbourhood and also owns a £5.1million condominium in Miami”.

I’m sitting in SoHo, and ██████ ██████ lives in SoHo who could have walked past me at any stage whilst I was there? She and ██████ ██████, whom I have had and unmistakable evidence, and so do other survivors who came forward, have never been held accountable for their crimes. None of the other perpetrators except for Maxwell have been held accountable. Why?

The reasons, in my mind, are very clear that this was politically driven at the highest levels; why?

Boies and co also strategically timed the litigation of ██████ V Prince Andrews litigation so that the trial would happen during Her Royal Majesties’ Platinum Jubilee, which the whole country and world celebrated as the Queen is our longest serving Monarch who has done a remarkable job in leading our country as our head of state. ██████ testimony would never be tried in court to outshine Her Royal Majesties’ celebration. Fact! ██████ got another handsome settlement.

This is not right, and I cannot be silent anymore.

Please, I ask that an immediate investigation occur so that the other Epstein and Maxwell sex trafficked survivors and I might have the freedom to live in peace, find some form of happiness, and move on with our lives. All we ever wanted was justice for all of us being raped. We didn't know by coming forward to "trusted" lawyers that they, too, were co-conspirators themselves of the sex trafficking ring. They raped us again, as did the system. We will NOT be Silenced anymore!

And I would like to clarify that I will not be intimidated or bullied, or "Silenced" anymore by Boies and co. Who ARE the very co-conspirators I tried to bring to justice!

I would also prefer not to have "Black Cube" on my doorstep tomorrow courtesy of Boies or the US GOVERNMENT. Or have they always been around? Sex abuse survivors have already been down this road before with Boies and Co, when Harvey Weinstein's victims were silenced by Boies and co.

In your and my own exhaustive investigation, I'm sure this will be uncovered in-depth. Then I, too, will sue the courts for the information to be discovered about all these disgusting humans, which hopefully will be released to the public. Like the deposition, I was manipulated, bribed and subjected, which ruined my life.

I also have the most amazing lawyers by my side, James Marsh and Robert Lewis. They will keep any desperate attempts to discredit us to a minimum. We've been here before, and it is dull now, considering my evidence against the sex trafficking ring and all the key players involved. They should have all been arrested. I will also be filing a suit against Boies and Co for the immeasurable emotional and financial damage and distress they have caused.

I look forward to your immediate response and thank you for your time.

Yours Sincerely
