Hi Linda, Jennifer and Kate,

Linda and Jennifer thank you for the call earlier. As discussed I would like to come out publicly about testifying in the upcoming trial with the information I have on Adam.

I've worked with Kate several times throughout the years and feel safe talking to her about Adam and why I'm choosing to testify.

I reached out to Kate after our conversation and told her about me testifying and she would like to do a story. Her Editor has also approved the story but she will need to confirm with you that I'm testifying.

Kate please can you reach out to Jennifer and Kate to confirm me testifying at trial and I look forward to our interview next week.
