Just to let you know.

I can call later this afternoon with an update.

Good morning,

I have been getting a number of calls where the caller doesn't say anything and then hangs up. This is on my [REDACTED] phone.

Last night I got one of them and a little while later the phone rang again and I didn't answer ( 3:16 am). A voice mail was left and the caller, with heavy Indian accent, repeated that my children will die.

If you call me on [REDACTED] I can play the voicemail for you.

Thanks,

[REDACTED]

We have been able to determine that the email and LinkedIn message are from outside the US.

Thank you.

Are we getting anywhere on tracing the sources?

Thank you...I will be contacting the local precinct near 66th street address to increase patrol presence in the area out of an abundance of caution.

Sir,

Could you please give me the address that your ex wife and children are staying at currently and where you are currently residing?
