

Hello

I am John.

I have secret information from Mark Epstein.

My information includes the text of the two letters along with the loan fund number, as well as the content of Mark Epstein's conversation via email as well as Telegram.

The data shows that Jeffrey Epstein has stored more than \$ 18 million in digital currency in a wallet that is currently under the control of the Epstein brand.

The content of the letters also includes documents about Jeffrey's partners.

The emails sent by Mark Epstein are as follows:

[REDACTED]

The messages exchanged in Telegram were via the following number:

[REDACTED]

Don't forget that I will not answer any other questions. Also, don't try to identify me.

If you reply late, you may never have access to this information again.
