Importance: Normal

We will need to find out if the French authorities are launching an investigation. If you can reach out to the Legat and see if we can get a status. We need details on those "requests for information ." [REDACTED] is coming to the 10am and he'll want to know if France is investigating.

Thanks, yesterday afternoon we received official requests for information from MOJ and the French Police. I'm coordinating with the relevant investigative Units and DOJ to craft the USG response, I'll keep you updated. [REDACTED]

Along with the info we received yesterday that Josh passed to you, this does seem to be picking up momentum. As you know, we receive US Marshals notification of intl travel of registered sex offenders, so the French investigative activity related to Epstein's declared residence/property in France is documented.

We are here to assist as needed should there be more follow-up from the US end.

"The American investigation has highlighted ties with France. It therefore seems fundamental to us, and for the victims, that an investigation should be opened in France so that all the light is shed on this matter," France's Gender Equality Minister Marlène Schiappa said in a statement. <https://www.france24.com/en/20190812-france-epstein-french-ministers-seek-investigation-paris-child-abuse>
