Importance: High

Hello,

My name is Sarah Fitzpatrick. I am a producer with NBC News. We are preparing a report about Jeffrey Epstein for broadcast on Dateline and other NBC News programs as soon as this Friday, September 20th.

As part of our reporting, we interviewed several women who allege that they were sexually abused by Jeffrey Epstein.

In court filings and in an interview with NBC, [REDACTED] alleges that she was directed Jeffrey Epstein and/or his associates to engage in sexual activity with other men on multiple occasions from 2000-2002 both in the United States and abroad.

In an interview, [REDACTED] told NBC that she was interviewed by the FBI on [REDACTED]

She says that she met with agents [REDACTED] She says that as part of the interview she told the FBI the names of the men she was directed to have sex with, and was given photos of prominent men in Epstein's orbit to help her identify.

In court filings and referenced in an interview, [REDACTED] has identified those individuals as including Alan Dershowitz, Bill Richardson, George Mitchell, Glenn Dubin, Jean-Luc Brunel, Prince Andrew.

In an interview, [REDACTED] told NBC news that she continued to keep in touch with the agents by email and phone, and that in 2014 agent [REDACTED] told her via phone that 'his head had been cut off above him' and that he was instructed to stop investigating the Epstein case.

We have reviewed emails that reflect that [REDACTED] meet with FBI in Australia in 2011 and subsequent correspondence with the FBI in the following years.

Can you confirm this meeting occurred in 2011?

Did [REDACTED] disclose those names to the FBI- and was there any follow up investigation

Was [REDACTED] told to stop his investigation into Epstein? If so, Why?

We welcome any additional information you wish to provide.

All of my contact information is below.

Sincerely,

Sarah
