What's the plan for the evidence being shipped to VA? Is someone handling that for you?

Thanks very much for chatting earlier today, and as promised wanted to send an email so you have our full contact info. My colleague [REDACTED] and I are the prosecutors working on the investigation – she's also copied here, and we're available anytime via email, or by phone at:

It's our understanding that there are approximately 23 boxes of papers, give or take, and that they include approximately two boxes from FBI case file 72-MM-113327 and the remainder from FBI case file 31E-MM-108062. Please don't hesitate to reach out if anything comes up at all, or if we can be of any help, and thanks very much for putting this at the top of your list, we really appreciate it.

thanks again,
