Following up on yesterday's email. Let us know if MM has an objection to SDNY digitizing aspects of the MM file. I'd like to start the process by the end of this week.

Thanks

All,
Over the past 90 days I know there has been some discussion regarding the need to turn over appropriate documents, from the MM WPBRA investigation of Epstein, to the SDNY.

We are now on a very short timeline as we plan to indict Epstein next Tuesday. While the arrest date will depend on his travel back into the US (he's currently OCONUS), we need to get the docs to SDNY in case he presses for an expedited trial.

SDNY has funding and a contractor which they regularly use to scan docs in for review, discovery, etc. This is something NY has done with SDNY other times in the past. I met with the SDNY Chief of Criminal last Thursday who expressed her concerns and inquired about the need to escalate.

Trying to avoid the escalation from SDNY. [REDACTED], can you confirm the position from MM?

I greatly appreciate the help MM has provided so far and know we're all only interested in justice for the victims in this case.

Thanks
