ASL WINGS LLC

Dear Sirs:

An AC Form 8050-64, Assignment of Special Registration Numbers, was issued on September 16, 2011, as authorization to change the registration number on a KEYSTONE HELICOPTER S-76C aircraft, serial number 760750, from N722JE to special number N162AE. This authorization was good for one year from the form's date of issue. The form was required to be signed and returned to this office within five days after the special registration number was permanently affixed to the aircraft. As of the date of this letter, no completed authorization has been received by this office.

This authorization expired on September 16, 2012. Accordingly, the assignment of special registration number N162AE to this aircraft was cancelled on December 11, 2012, and returned to the pool of available N-numbers.

You may apply to reserve any available N-number as a special number in your name, or request an available N-number be assigned to an aircraft to change that aircraft's registration number. Information about requesting the reservation or assignment of a special registration number may be viewed on our web site, <http://registry.faa.gov>.

October 12, 2012

ASL WINGS LLC

Dear Sirs:

The FAA Aircraft Registration Branch (Registry) issued an Assignment of Special Registration Numbers, AC Form 8050-64, on September 16, 2011. This form authorized a change of registration number from N722JE to N162AE to be completed within one year of its issue date for the KEYSTONE HELICOPTER S-76C aircraft with serial number 760750. Within five days of placing N162AE on the aircraft a signed copy of this form showing the date of the change was required to be returned to the Registry. The authorization to change registration numbers **expired on September 15, 2012**, without a completed copy of the form being received by the Registry. We ask that you confirm the status of this registration number change so that the matter may be closed appropriately. If no response is received within 30 days from the date of this letter, the number change will be cancelled and N162AE returned to the pool of available N-numbers.

The attached form may be used to confirm the status of this registration number change. If special registration number N162AE has been placed on this aircraft, then upon receipt of your notification, the Registry will update our records and issue a revised registration certificate showing the special registration number.

The attached form also may be used to confirm that the N-Number change was not made, to request the reservation of the special number in your name, or to make a new request for N162AE to be assigned as special registration number to change the N-number of this or another aircraft.

If we may be of any assistance, our toll free telephone number is 1

CAR FAX

Keystone Helicopter Corporation is requesting the correction of aircraft that were incorrectly registered. Some of the aircraft that have been registered from our facility where registered as **MODEL: S-76C-2**, this is not in accordance with our type certificate data sheet (HINE); the aircraft should have been registered as **S-76C**. As the Aircraft manufacturer we are requesting that these please be corrected. We apologize for any inconvenience this may cause. The following A/C Serial Numbers with the corresponding N Number are affected by this error, they include:
