Mr. Mark Remillard of ABC News gave me your contact info. I am the grandson of a woman in her 60s who worked at Mr EPSTEIN's house in Manhattan as a housekeeper between 2012 and 2017. On the day she was fired from her job she took with her some memory cards, pictures, video tapes and audio tapes that she had found hidden in the house. We are not looking for monetary compensation at all but we are being threaten by his lawyers Mr Indieke and Mr Cann to hand over this material to them. Not sure if I spelt the names correctly. Tried giving it to ABC's Mark Remillard but because it contains child ponography he is hesitant to receive it. Another news agency in the US called FOX News verified the authenticiy of the material through a local news correspondant here in Colombia but we were told that they will only release some material and not all for political reasons. If you wish to speak to me you can call me a [REDACTED] or WhatsApp me at same number. My wife and I are católica and wish no money at all for this. I just 3 weeks ago found out about this because I speak english and my grandmother trust me. Thank you.
