Here is the information you requested.

On 07/12/2019, at 5:17 p.m. Eastern Time, [REDACTED], date of birth [REDACTED], cellular telephone number [REDACTED], home address [REDACTED], called the FBI National Threat Operations Center (NTOC) to report information pertaining to Jeffrey Epstein.

[REDACTED] provided the following information:

[REDACTED] has [REDACTED] Leslie McMichael, currently residing in [REDACTED], [REDACTED], who was a personal assistant for Jeffrey Epstein from 1986 until approximately 1991 or 1992, while Epstein was located in Florida. McMichael claims to have been present when Epstein purchased the island, and was in charge of booking all of the parties on the island and the yacht. In addition to booking the parties for Epstein, [REDACTED] was in charge of running errands and other miscellaneous things. McMichael stopped working for Epstein when she "figured out that all of the little girls he had around weren't his nieces." McMichael told [REDACTED] working for Epstein is one of her biggest regrets and she has not reported anything to law enforcement because she is afraid of the repercussions it would have for her and her family. Additionally, McMichael was paid under the table by Epstein and she believes there is likely not a record showing she was involved with him. McMichael offered various other pieces of information to [REDACTED], including the names of some of the guests at Epstein's parties; among the guests mentioned were Bill Clinton and Donald Trump. McMichael was also friends with Epstein's wife, whom she claimed "helped to train the girls." McMichael was reluctant to give [REDACTED] any more information about Epstein, other than to say she regretted having worked for him.

[REDACTED] believes [REDACTED], Heather Straton, no identifiers provided, may have more information about the details of when McMichael worked for Epstein. Straton told [REDACTED] that McMichael had talked to her on different occasions about Epstein.

NOTE: A LexisNexis Accurint query for Leslie McMichael in [REDACTED] revealed [REDACTED], date of birth [REDACTED], current address [REDACTED], previous address [REDACTED], and Social Security Account number [REDACTED].
