Dear Special Agent ████:

Pursuant to a subpoena issued on December 19, 2018, in the above-referenced matter, Oath Holdings Inc. ("Oath") (formerly Yahoo Holdings, Inc.) conducted a diligent search for information responsive to your request, and hereby responds in accordance with state and federal law, including the Stored Communications Act, 18 U.S.C. § 2701 *et seq.*

The user accounts columbiadental1 and jeffreyepsteinorg, as specified in your request, are not valid Yahoo email addresses or Yahoo IDs at this time; therefore Oath did not produce any information responsive to your request.

Attached is the following information regarding the remaining user accounts specified in the subpoena, for the time period specified (if any), to the extent available from our system, including any information preserved in response to a request under 18 U.S.C. § 2703(f): (1) the user profile, as produced by the Yahoo Account Management Tool and (2) the dates, times, and Internet protocol addresses for logins and authentication events (if any), as produced by the Yahoo Login Tracker Tool. A declaration authenticating these records also is attached.

To the extent any document provided herein contained information that exceeded the scope of your request, is protected from disclosure, or is otherwise not subject to production, we have redacted or otherwise removed such information. When reviewing the information provided, please note that Oath may not require or verify user information because it offers many of its services to users for free.

Please contact me if you have any questions.

Sincerely,

Alyssa Anderson
