Hi [REDACTED],

With regard to Part A of the subpoena, we were unable to find any records of orders shipped to the Bradford NH address during the relevant time frame.

We anticipate providing responsive records to Parts B and C early tomorrow. However, for Part C, we do not have any records of orders during the relevant time frame for Ghislaine Borgerson. Nor do we believe there are any responsive orders for Jennifer Turner, but it would be helpful if you could provide any available identifying information for Ms. Turner.

Please let me know if you have any questions about the above.

Thanks,
Ben

Hi Ben,

Following up on this, I was wondering if you thought it would be feasible to produce the items in category A today.

Thanks,

[REDACTED]

Ben,

Thanks very much for your help with this. The subpoena is attached. It requests three categories of data in descending order of priority, in case that helps to narrow down the more immediate requests. If it would be possible to get an answer to category A today, we would be extremely grateful.

Thanks,

[REDACTED]

Hi Ben,

I think I may have just missed a call from you a few moments ago – if so, apologies, and I'm at my desk now.

Jeff,

Been a while since we last corresponded – we hope you’re well, given the circumstances of the world. We wanted to reach out because we served a subpoena on Amazon on June 12, and we’d like to ask to expedite the response, at least as to shipping / delivery information for the relevant individual. The subpoena is attached for your reference, and it would be extraordinarily helpful if we could get at least that information by the end of the week (which is the deadline on the subpoena, though obviously we ordinarily are understanding of some additional time being necessary). Please let us know? And we’re happy to discuss if that would be useful.

thanks,

[REDACTED]
