Looking at the last batch of Amazon records, I noticed she purchased a google nest camera on 8/15/19. Those require an account/app to operate, right? Have you ever subpoenaed account data (not video) from nest accounts before? Not sure how we'd search for hers.

It cannot be emailed. All photocopied mail remains the property of USPS, cannot be copied and has to be returned once the mail cover is over.

We will be writing a report for everything we receive.

Can they email it rather than physically mailing it? Maybe that's a dumb question but I think that's literally an option for anyone who receives USPS mail, to get photos of their letters and packages emailed to them.

It gets mailed to us. So as soon as we get the first batch of results we will let you know.

Great, thanks – could you please let us know as soon as you start to get the results? Or if there's a way for us to get them in real time as well, we're happy to set that up so you don't have deal with that along with everything else.

Can you add the phone number to the rider in case it was not listed. [REDACTED].

Yes the mail cover is now active. Waiting to see what we receive. Results should be coming soon.

On a similar topic, is the mail cover active yet?

Yes please, the same rider is fine.

Thanks!

Hi [REDACTED]

Happy to take care of that – do you want the same rider as last time, just refreshed, or is there anything else you'd like me to include?

Thanks, and hope you're doing well—

Subject: Maxwell amazon records

Hey guys,

Hope you are all doing well and staying safe. Were looking to submit another subpoena to amazon for Maxwell's records. If you have a moment would you be able to cut that for us? Hoping to see if any of her recent activity or addresses has changed or if she possibly has a new phone number listed. The most recent results from Maxwell's pen for ██████████ shows that this phone is a lot less active than it was several months ago. The majority of these calls are incoming or appear to be voicemails. We've tasked the CAST team to take a look at both the amazon and phone records to see if they can give us a better picture on what's going on and if they can tell if she switched phones.

Thanks again,

██████████
