I can absolutely help with that! I am currently on SO3, so that's a majority of my week but I am available to come in before/after shifts to help with whatever is needed. We get our schedules on a weekly basis, so my timing depends on what that looks like.

Hey [REDACTED], we would welcome the help! A lot of what we are currently working on is getting organized and prepping for discovery so there are a few projects that we are having to get completed by the end of August. Not sure what your schedule is like right now, but if any of that would work for you, let me know and we can go from there.

Thanks,
