Whoever doesn't assist does not need to participate on the call next week. A calendar invite was sent to both of you at this point and time.

Subject: Assistance with Jeffrey Epstein Victim

Hi [REDACTED] - I hope this email finds you well. I am reaching out to see if either of you could assist with helping this victim in your AOR with therapist referrals? I can give you her contact information; please let me know the best way to connect you. Also please let me know who will be assisting and I can give you a call with some background.

I really appreciate your help!

Thanks-

[REDACTED]
