On 11/12/20 at the Miami Field Office, DOJ will conduct a victim and family briefing regarding the Office of Professional Responsibility's (OPR) findings on the Epstein investigation. DOJ has been consulting and coordinating with VSD, and the VSD Program Manager, Victim Outreach Specialist, and VSDs who assisted in prior briefings in Miami and New York will attend to support the victims, but will not participate in providing the briefing. DOJ will provide information about the process of federal prosecutors in the Southern District of Florida during the Epstein investigation, to include victim interactions. This information will also be presented to Congress immediately following the victim and family briefing to prevent any leaks. There will be no case updates provided at this time.

Same day. I believe she will be briefing them via conference call immediately after the briefing in Miami has concluded to ensure no leaks.

Just one question back -- I know the info is going to Congress shortly after the victim briefing, but do you know if that means the same day or just some time within a week or so of the briefing? [REDACTED] was just wondering if there is an exact date.

Aha, thank you for the clarification! I'll update that now ([REDACTED] is still reviewing so it hasn't gone up yet).

Just to clarify – we are not conducting the briefing. We are consulting and supporting. We are not providing a virtual option yet, but it may be an option if there is enough interest.

This is what I wrote:

On 11/12/20 at the Miami Field Office, DOJ and VSD will be conducting a victim and family briefing regarding the Office of Professional Responsibility's (OPR) findings on the Epstein investigation. There will also be an option for people to attend virtually due to COVID-19 restrictions. The VSD Program Manager, Victim Outreach Specialist, and VSDs who assisted in prior briefings in Miami and New York will support the briefing. The goal is to provide information about the process followed by federal prosecutors in the Southern District of Florida during the Epstein investigation, to include victim interactions. This information will also be presented to Congress shortly after the victim and family briefing. There will be no case updates provided at this time.
