Good afternoon [REDACTED],

As you know the USMS investigates 18 USC 2250 charges in conjunction with the states/territories and tribes. We are completely reliant on the states/territories/tribes being compliant with sex offender registration requirements under the Sex Offender Registration and Notification Act (SORNA). To my knowledge the USMS has not been with the territorial authorities when/if they have conducted compliance checks on EPSTEIN. To better answer the question I will have the District's Sex Offender Investigator ([REDACTED]) reach out to you directly. I have also cc'd the former SOI ([REDACTED]) who may have information as well. If you have any further questions, feel free to let me know.

Afternoon guys. Who of you guys has the most knowledge of Little St James?
Have you done periodic checks on Epstein there?
