Hello Ladies,

Per DOJ, they are missing email addresses (for victims or known attorneys) for the list attached. Can we make this a priority? We need to determine if we already have this information or if we need to find a good number and request their email address.

*The victims for whom column G ("Contact information") is red-highlighted have not yet received an invitation via email, either directly or through a request to their attorneys to pass it on. If you have any additional thoughts on how to reach those individuals for whom no phone number or mailing address is listed, we would appreciate your advice.*

Thanks,
