I'm hoping to speak with someone regarding the case against Jeff Epstein. I have many memories returning of his name being mentioned to me by my first husband, [REDACTED], prior to 1991, of Jeff Epstein being my financial advisor..

I also have known a woman named Starr Maxwell, since I was 10. She is married to a man who is a pilot. He goes by "Max". He has a British accent.

I will explain more if you would contact me please.

Thank you so much.
