Thanks for the kind words [REDACTED]. Keep fighting for the victims because if we don't, nobody will. I know I've asked a lot of you and [REDACTED] on the Epstein case but you guys are doing amazing work. I actually think I ask you to do work I know you're already doing just so you know I've got your back 100%.

Good luck on the rest of your career. It will go fast so enjoy it and always remember.....take advantage of all the FBI has to offer OR it will take advantage of you.

Hey Boss,

I didn't get a chance to talk with you yesterday, so I wanted to extend my warm wishes on the next step in your career. I also wanted to thank you. Thank you for giving me the opportunity to work VCAC. I know you could have put me on any squad; I've been grateful for the chance to work on this squad. It's been a great experience.

Also, thank you for being such a strong advocate for victims. I've only been with the bureau for a short time, but could clearly see that you have continually aimed for their best interest. It is a wonderful thing when we have people like you who continually strive for best practices in how cases like those should be handled.

It's been an honor working for you Sir.

All the best,

[REDACTED]
