Want to call her together or you want to call her alone? I'm running to the store but will be back in 10.

Hi [REDACTED] - I hope this email finds you doing well! Would you happen to free this afternoon for a quick call? I'm working with the case agent on the Epstein/ Maxwell case and we are trying to determine if we should request deferred Action and if so what is the approval and turn around for it?

Thanks so much!
